

Novato Council Approves \$40 Million Homes Plan

A 40-million-dollar, 1,500-home Marina-Hillside Development northeast of Bugeia Lane got the official go-ahead last night from the Novato city council after a two-hour discussion.

Tentative plans for the project on 968 acres, to be known as Bahia Del Norte, were outlined by Morris Finlay of Finlay-Carpenter Inc. of Temple City, developers.

The area is bounded by H Lane, Marin Memorial Gardens, Black John Slough, and the Petaluma River. Approximately two-thirds of it will be a Marina type development, with peninsulas extending into the water. There will be a minimum of eight feet of water at low tide, Finlay stated.

In addition, the streets will follow the valleys of the hills, leaving the oak covered hill-tops as greenbelts, he said. There will be 13 of these greenbelts of varying size.

Finlay said the homes would sell for \$25,000 and upward. Tentative plans call for one shopping center at the water's edge, and another at the intersection of Bugeia Lane and H Lane. There are sites for schools, water storage tanks, and a sewage disposal plant. All utilities will be underground, Finlay stated.

"We plan on doing about one million dollars in work each year on 200 home sites for a seven or eight-year period," he told the council.

Edwin N. Ness of Belvedere, of the Oakland firm of Sturgis, den Dulk, Douglass and Anderson, assessment district specialists, said it is planned to finance public improvements in Bahia Del Norte by assessment district. He outlined three types of districts that might be used.

The city council discussed the amount of revenue the city would get from fees and the additional work which such a development would put on the city staff.

Mayor M. E. Silva wanted to hold a special meeting next Tuesday to work out some of the details before giving approval to formation of an assessment district.

Councilmen Howard Schoof, Everett Pozzi and John Angeloni said details could be worked out later. Clark M. Palmer Jr., city attorney and Ness also said they felt the city and the developer could work out the details of the project.

The council then voted 4-to-0 (Councilman Lucile Cannon absent) to favor the assessment district.

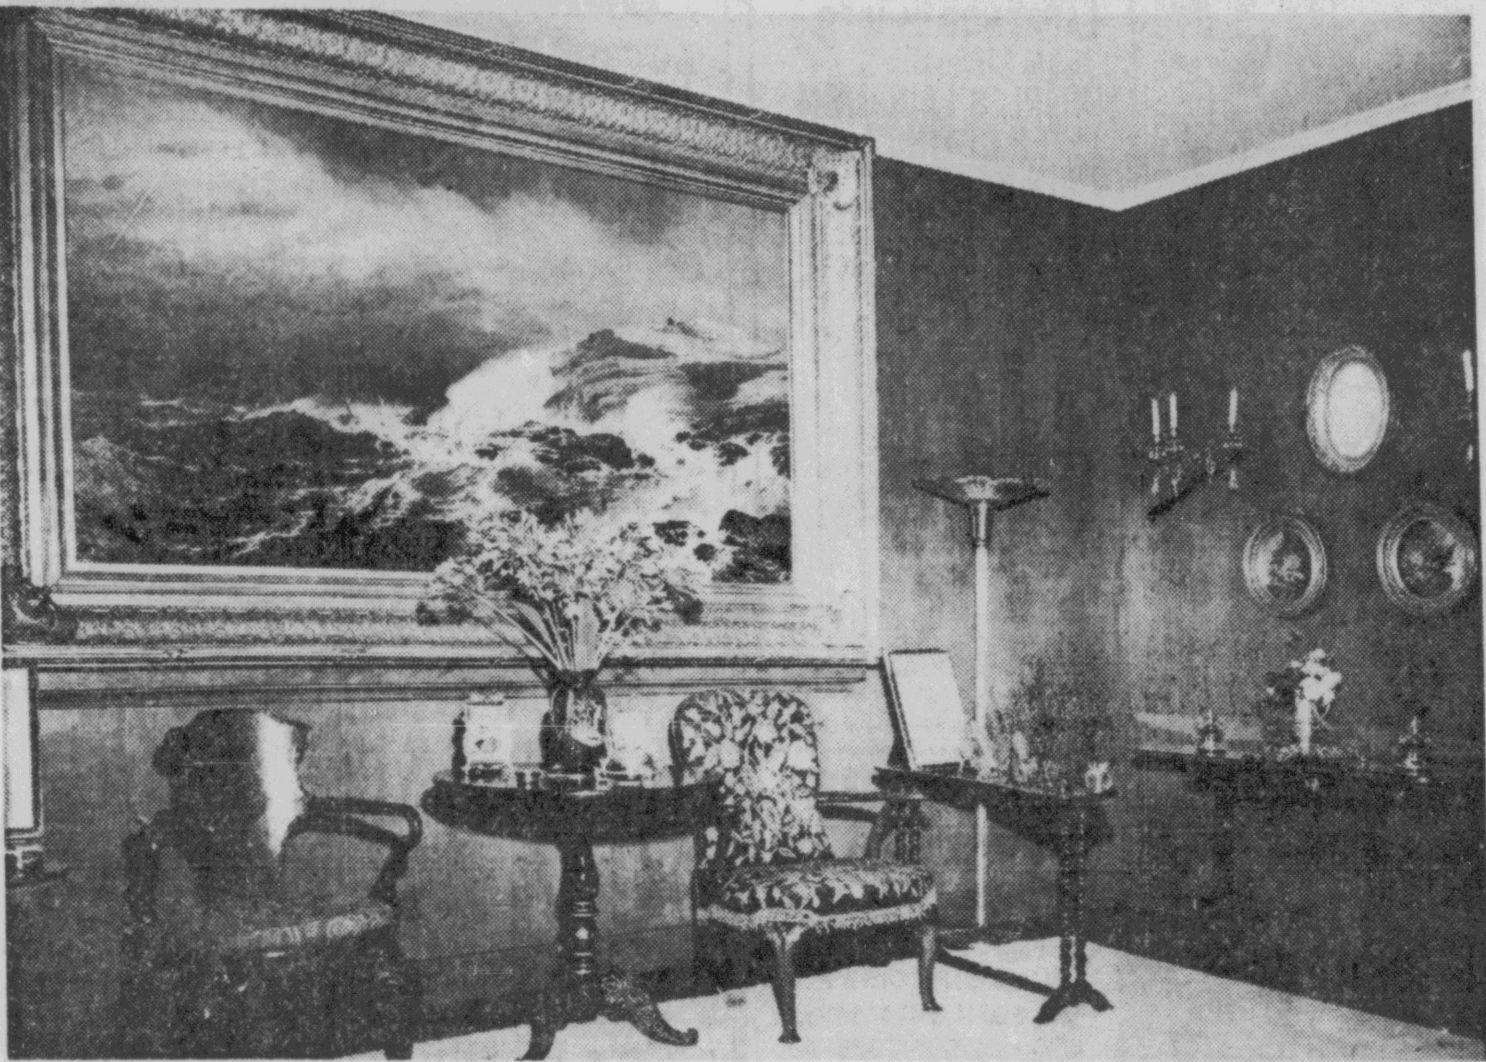

"We should be able to start work after the spring rains in April, with the first lots ready by next fall," Finlay said.

The 986 acres involved were included in the Bugeia, Mahoney and Etcheber ranches, owned, respectively, by Raphael S. and Julia H. Bugeia, Pearl Mahoney, and Charles P. Etcheber. Finlay said his firm now owns the land and will turn it over to a syndicate as part of the development arrangement.

VICTORIAN ELEGANCE—This corner of the old library in the Boyd Mansion is typical of the decor in the home, which is filled with objects d'art and antiques collected by four generations of the family of Miss Louise Boyd. The home, Maple Lawn, is to be purchased by the San Rafael Elks Lodge for a clubhouse, with its decorations to remain much as they are today. (Independent-Journal photo)

Elks Vote To Accept Boyd Mansion

The San Rafael Elks Lodge last night voted to accept Miss Louise A. Boyd's offer to sell the historic Boyd Mansion, Maple Lawn, for \$350,000.

Exalted Ruler Carl Clark said the members were "delighted and enthusiastic" about the purchase of the 10.56-acre estate, which has been in the Boyd family since the late 1800s. He said the vote to accept was "just about unanimous."

VERY LITTLE CHANGE

In accordance with Miss Boyd's wishes, the property will be preserved as it is with "very little change," Clark said. The lodge also agreed to perpetuate the name Maple Lawn.

The transaction is being handled by Roy Farrington Jones of Ross, partner in the realty firm of Farrington Jones and Son.

The purchase must be approved by the Grand Lodge of Elks, Clark said. The lodge also must obtain a use permit from the city.

Castro Warns U-2s Will Be Shot Down

Officials Say Cuba Crisis Is Moving Toward Climax

UNITED NATIONS, N. Y. (AP)—The United Nations today made public a warning from Fidel Castro that Cuban forces would attempt to shoot down any U.S. plane flying over Cuban territory.

A Cuban representative followed up quickly with a bitter blast at the United States in the U.N. Political Committee.

(In Washington, prior to a meeting of President John F. Kennedy and his top military and diplomatic advisers today, Defense Department officials said the Cuban situation is evidently moving into a period of climax.

DONALD D. LEISTER To complete graduate work

(The officials said any action against U.S. aircraft keeping security watch on Cuba would be met with "counter action.")

Taking the floor in the 110-nation committee during a disarmament debate, Cuban Ambassador Carlos Lechuga charged that the U.S. reconnaissance flights over Cuban territory "violated the U.N. Charter... flout the sovereignty of a small nation... and are intended to stultify our independence."

CALLER RISK

Lechuga repeated Castro's warning that any U.S. plane flying over Cuba territory can do so only at the risk of being destroyed. He said the warning is in effect "from this day on."

The Cuban delegate accepted in principle a four-nation resolution proposing that Latin America be declared a demilitarized zone. But he demanded that it bar nuclear weapons also from Puerto Rico and the Panama Canal Zone.

The Cuban prime minister's sharply worded communication, handed to Acting Secretary-General Thant yesterday, suggests that if the United States sincerely wants to negotiate a settlement of the Cuban crisis "it should begin by respecting the elementary rights of our country."

LIKE HITLER

Castro repeated his earlier declarations that he would accept no inspection of Cuban territory by any group "national or international." In any event, he said, the United States already has verified the removal of Soviet missiles from Cuba and the "pretext has now disappeared" for acts of force.

He called the U.S. reconnaissance flights over Cuba "typical Hitlerite methods for softening the resistance of peoples."

"No sovereign state," Castro said. See CRISIS, page 4

3rd Saturn Is Tested Successfully

CAPE CANAVERAL, Fla. (AP)—The mammoth Saturn rocket, intended in its later development to ferry astronauts to the moon, scored its third straight test flight success today.

With its gigantic eight-engine power plant carrying a full load of fuel for the first time, the world's largest known rocket thundered away from its launch pad at 12:45 p.m. on a brief flight of less than five minutes. Only the first stage was fired.

MOON STEP

Minutes after launching, the National Aeronautics and Space Administration reported that Saturn No. 3 had performed as well as its two predecessors, and the United States had taken another long stride toward its goal of landing men on the moon in this decade.

As the 162-foot, 550-ton rocket reached the high point of its trajectory, about 104 miles up and 130 miles southeast of Cape Canaveral, a radio signal from the ground set off dynamite charges to blow the rocket apart as planned.

This action, four minutes and 55 seconds after launching, spewed 23,000 gallons of water into the frigid upper atmosphere to create a huge cloud of ice particles. The water, weighing 95 tons, simulated weight of upper stages to be carried on future Saturns.

HUGE CLOUD

Observers at Cape Canaveral and up and down the east Florida coast spotted the cloud as it blossomed into a huge white mass and then disappeared within seconds.

About 10 planes were in the air today to photograph the cloud in an effort to learn more about atmospheric physics.

Ten seconds passed before the Saturn cleared the top of its 310-foot-tall service tower. Then the rocket pitched gradually over on a southeast heading, picking up speed as the tons of fuel were quickly consumed.

Grand Jury Clears Angeloni Of Interest Conflict Charge

Novato City Councilman John Angeloni was cleared last night by the Marin County Grand Jury of any conflict of interest involving the Novato freeway controversy.

Angeloni is the target of a recall movement headed by Alfred W. Bowman, co-chairman of the Novato Chamber of Commerce Freeway Committee. Bowman charged that Angeloni bought an interest in 10 acres west of Highway 101 last July and should therefore disqualify himself from voting on any freeway route.

Grand Jury Foreman Irving Chapman today submitted this statement from the jury:

"In response to a request for inquiry into the activities of Angeloni with respect to possible malfeasance, collusion or conflict of interest in office, an investigation by this grand jury indicates no malfeasance, collusion with other city councilmen or conflict of interest.

"Our investigation further indicates that the purchase of

the property in question was made in an ethical and usual manner by Angeloni.

"Further action is not contemplated by the grand jury because the question is a matter for local decision."

Chapman said the grand jury heard "several committee reports and discussed other matters" last night but was not

ready yet to make any conclusions or statements.

Jurors will meet again Dec. 6 when they expect to hear a final report on the "pole houses" in Marin City. The jury decided Nov. 1 to investigate any chance of fraud in the construction and sale of the houses in the redevelopment project.

Jury Cites U.S. For Ole Miss

OXFORD, Miss. (AP)—The Lafayette County grand jury today cited the federal government for illegal and agitating action in the University of Mississippi integration case.

But it commended U.S. marshals for not firing pistols directly into rioting crowds.

19 WITNESSES

Dist. Atty. Jesse Yancy Jr. read the 23-man jury's report which included evidence taken from 19 witnesses and several reports. Three true bills were returned shortly before the report was read but court officials would not confirm nor deny they were involved in the Ole Miss case.

Jury members said the federal government did not allow university officials proper notice before bringing Negro James H. Meredith onto the campus Sept. 30, the first known Negro to attend the university.

NOT NOTIFIED

The jury's report said the Justice Department had been notified they could not register Meredith on Sunday.

"Despite this, federal marshals were placed around the Lyceum Building for no apparent reason," the report said. See OXFORD, page 4

Three Escapers Are Indicted

Escape indictments were returned last night by the Marin County Grand Jury against three San Quentin Prison convicts.

Dist. Atty. Roger P. Garety said these men will be charged with escape: Murray Bluestein, 33, Los Angeles burglar who escaped from the prison fire station Oct. 23 and was arrested two days later in Reno, Nev.

Robert L. Sandefur, 32, Los Angeles robber, and Oather M. Stevens, 44, San Bernardino murderer. They escaped together Nov. 3 from a minimum security dormitory. Stevens surrendered Nov. 6 in the Confucius Restaurant in Greenbrae, and Sandefur was captured Nov. 7 near Forest Knolls.

D. D. Leister Quits Ross School Job

Donald D. Leister, superintendent of Ross School District, said today he would hand his resignation, effective next June 30, to district trustees next Monday.

Leister, 31, said he was resigning to complete work on his doctor's degree, possibly at Stanford University.

He replaced Stephen Parodi, who moved to the superintendent's position in the San Anselmo School District on July 1, 1960.

Leister, a graduate of the University of California at Santa Barbara, received his master's degree from San Jose State College and did further graduate work at Stanford.

He had been principal of a school in San Jose when hired by the Ross board from a field of 70 candidates on April 26, 1960.

Leister said he was submitting his resignation Monday so that the board would have ample time to hire another superintendent by July 1.

Also on the agenda for the 8 p.m. meeting in the Ross School is consideration of signing a \$3,000 contract to join the California Small School Districts Assn., which has hired a law firm to contest the legality of the school district reorganization law.

John Scott, chairman of the parent-teacher association civil defense committee will report on ways to update the school's civil defense procedures.

WORLD NEWS IN BRIEF

Herter To Work On Trade Barriers

WASHINGTON (AP) — President John F. Kennedy has selected Christian A. Herter, a secretary of state in the Eisenhower administration, to command U.S. negotiations aimed at slashing foreign trade barriers.

In choosing him yesterday, Kennedy said the 67-year-old Republican "will be directly responsible for preparing the proposed objectives and strategies for negotiations and for directing those negotiations while they are in process."

Thus the Paris-born Herter will have the key role in directing the historic trade expansion measure enacted by the last Congress — an act Kennedy called "a vital new weapon" for the cause of freedom.

Peabody Wins In Massachusetts

Peabody

BOSTON (AP) — Democrat Endicott Peabody today was officially governor-elect of Massachusetts by a margin of 3,091 votes out of more than two million cast in the Nov. 6 election.

Peabody's defeated opponent, incumbent Republican Gov. John A. Volpe declared immediately after the official tabulation was announced yesterday that he will ask for a recount.

The official returns were: Peabody 1,051,653; Volpe 1,048,562.

Shipwreck Search

HAMILTON, Bermuda (AP) — Rescue planes and ships searched the stormy Atlantic north-east of Bermuda today for 18 missing crewmen who abandoned the Greek freighter Captain George as flames ate their way toward a cargo of explosives.

Coast Guard messages said seven members of the 25-man crew were picked up by freighters standing by in the gale, but the other 18 were tossed into the 45-foot high waves when their lifeboat capsized. They disappeared in the darkness.

Coast Guard amphibians, flying in relays, dropped flares through the night in the vicinity of the still burning ship. The amphibians reported the ship was still afloat late last night.

Children with neglected hearing problems repeat grades four times as often as children with normal hearing, according to the Hearing Aid Industry Conference.

Blast Closes Town

IDAHO SPRINGS, Colo. (UPI) — A gas tank explosion rocked the tiny Rocky Mountain community of Downieville last night, injuring at least four persons and touching off a fire that for more than six hours threatened to wipe out the town.

Shortly before dawn today, officials reported that the blaze was under control, but that the danger of another explosion remained high.

As a precautionary measure, all of the 100 residents of Downieville were evacuated from their homes and places of business. In addition, the state patrol ordered U.S. Highways 6 and 40, heavily traveled transcontinental roads which lead to Loveland and Berthoud passes 40 miles west of Denver, closed to traffic.

Baptist President

SACRAMENTO (AP) — Dr. Robert N. Stapp of Yuba City is the new president of the Southern Baptist General Convention of California, succeeding Dr. W. B. Timberlake of Pomona.

Other new officers selected at the meeting here today were R. Edwin Norris of Pacific Beach, first vice president and W. E. Harrell of Norwalk, second vice president.

More than 1,000 persons attended the 22nd annual meeting.

MRS. IRENE GIBBONS 11-story leap

Designer Irene Dies

HOLLYWOOD (UPI) — Last Tuesday famed fashion designer Irene unveiled her latest creations and commented to an interviewer, "anything new and beautiful makes one think beautiful thoughts."

Yesterday Mrs. Irene Gibbons, known to the fashion world as Irene, leaped to her death from the 11th floor of the Hollywood Knickerbocker Hotel.

Mrs. Gibbons, owner of Irene, Inc., apparently was dependent over business problems and her husband's illness, officers said.

Mrs. FDR Services

NEW YORK (AP) — A final memorial service will be held tomorrow for Mrs. Eleanor Roosevelt at the Protestant Episcopal Cathedral of St. John the Divine where President Roosevelt served as trustee for 31 years.

The former first lady, who died Nov. 7 at 78, will be eulogized by her good friend, Adlai E. Stevenson, chief U.S. delegate to the United Nations, during a 90-minute service.

Russ Fighting Spirit

ST. LOUIS, Mo. (AP) — "The Russian people would fight to the last man to defend what they call holy mother Russia, but they don't want to die merely for the sake of something called world communism or world revolution," says a counselor for the Free Europe Committee Inc.

Lewis Galantiere, speaking at the opening session of the National Editorial Assn. yesterday said Radio Free Europe broadcasts have helped diminish Communist influence. His organization sponsors the broadcasts to Eastern Europe.

New U.C. Building

BERKELEY (AP) — The University of California will begin construction next year on a four-million-dollar science education research center overlooking the Berkeley campus and San Francisco Bay.

U. C. President Clark Kerr, in announcing the winner of a nationwide competition for design of the new Lawrence Hall of Science, said the center would be "of bold design that captures the spirit of scientific adventure."

The winning design was by Anshen and Allen, San Francisco architects.

ATLANTA, Ga. (AP) — A man has been sentenced to six months in federal prison for slapping an income tax collector.

Roy W. Wilson, 50, a television repairman, was convicted yesterday of striking tax col-

Marinites Take Part In Mendocino 'War'

Two Marin County residents are current participants in Mendocino County's fantastic "war of warrants" at Ukiah.

Municipal Judge Leonard A. Thomas of San Rafael officiated in Mendocino County Superior Court yesterday as two top Mendocino law enforcement officers failed to win dismissal of charges which they must now answer at a preliminary hearing Nov. 26.

Sheriff Reno Bartolome and State Sen.-elect Frank Petersen, now district attorney, are charged with conspiracy involving theft of money from the sheriff's warrant fund last March.

Mrs. Avaun Patton former stenographer-clerk in the sher-

iff's office, is on probation following conviction for the theft.

In an earlier proceeding Alvin H. Goldstein Jr. of Sleepy Hollow, acting as special prosecutor for the state attorney general, caused Mrs. Martha Anderson to receive a five-day jail sentence for contempt. Superior Judge Robert L. Winslow presided in this matter.

Mrs. Anderson is acting secretary of the Volunteers for Good Government, a group reportedly associated with Mendocino County's present uproar in which more than 50 warrants have been issued by two judges against several county officials with a variety of violations.

The grand jury has been investigating this and Mrs. Anderson was accused by Goldstein on a basis of an affidavit by a woman who said Mrs. Anderson quizzed her about a jury member.

Though the "volunteers" deny responsibility for the warrant war, Mrs. Anderson is associated with Mendocino Supervisor Oscar H. Klee who was a witness before the jury and who called its inquiry "a diabolical witch hunt." More than 30 witnesses have been called during 10 sessions.

Marinites Help At Drake Fete

Two Marin groups were among seven organizations sponsoring a San Francisco lunch yesterday to commemorate the memory of Sir Francis Drake, and nearly 100 Marin residents were among the 400 guests.

Sponsors of the affair at the Sir Francis Drake Hotel included the Drake Navigators Guild and the Marin Historical Society.

Fleet Adm. Chester W. Nimitz, honorary chairman of the guild, presided and delivered the principal tribute to Drake as discoverer of "the first New England" on Marin shores in 1579.

England's Prince Philip stopped in briefly to chat with Nimitz and to inspect Drake's brass plate, borrowed from the Bancroft Museum in Berkeley and under impressive guard of two full-dress marines. Philip also examined with interest a model of Drake's flagship Golden Hind, constructed by guild vice-president Ray Aker.

On behalf of the guild a replica of the Drake plate, framed in driftwood from Drakes Bay, was presented to the 95-year-old "dean of California historians," Dr. Rockwell D. Hunt.

Garety Says Mother's Death May Be Murder

The abortion death Wednesday of a 24-year-old unwed Mill Valley mother could turn into a murder case, District Attorney Roger P. Garety said today.

The case depends on pathological reports which are expected to show if Miss Esther Teresa Sanchez, 352 Miller Avenue, died as a result of self-inflicted, harsh chemicals or as a result of some other attempt involving assistance of another person.

Garety said if the reports indicate homicide, he will present the case to the grand jury. Funeral arrangements for Miss Sanchez are pending at Russell and Gooch Mortuary in Mill Valley.

Burglar Alarm

Garbage men, loading a Marin Sanitary Service truck at 4:12 a.m. today, knocked over a board which broke a taped window in the M. B. Vending Co. office at 624 Lindero Street, San Rafael, and set off the burglar alarm in the police station.

Corte Madera Creek Plans Explained

Fifty persons attended an informational meeting in Mill Valley yesterday at which plans for the Corte Madera Creek flood control project were explained. The meeting was sponsored by the Outdoor Art Club of Mill Valley.

E. G. Huggins, Army Corps of Engineers liaison officer, explained that banks of the creek in the Kentfield area are to be lined with concrete to rush water through, whereas they will not be so lined in other areas such as at the creek's mouth. He also reported that certain areas of the creek, which drains 28 square miles, will be graveled in order to encourage fish spawning.

Recreational possibilities along the creek were presented by Willis Evans of the Marin County Conservation League and the fish and game possibilities. Evans said, according to Mrs. Virginia Searles, a member of the club's civics and conservation committee, that the recreational activities are proposed to be centered mostly in the Greenbrae area of the creek and include boating, fishing and walkways.

CRISIS

tro declared, "can allow its air space to be violated in this manner without feeling an impairment of its dignity."

Thant gave the contents of the letter to U.S. Ambassador Adlai E. Stevenson shortly after he received it, but withheld publication of the text at the request of Cuban Ambassador Carlos Lechuga.

Some diplomats viewed Castro's warning as a new attempt to pressure the United States into agreeing to the five demands the Cuban prime minister made Oct. 28. The demands included an end to U.S. violation of Cuban air space as well as U.S. withdrawal from the Guantanamo Naval Base.

The U.S. Defense Department made plain it would continue air surveillance of Cuba and that the U.S. would take whatever measures were deemed essential to protect its fliers.

No attacks on U.S. reconnaissance planes over Cuba have been officially reported since a U2 piloted by Maj. Rudolf Anderson Jr. disappeared on Oct. 27. The Cubans later returned Anderson's body to the United States and published pictures of the wreckage of the U-2. Some experts believe Anderson was shot down by a Soviet-built anti-aircraft missile.

Informants in Havana said Castro still stood by his five demands after winding up his lengthy series of talks with Soviet First Deputy Premier Anastas I. Mikoyan, but that he had adopted a "more flexible" position towards U.S. demands for inspection to insure compliance with the Soviet pledge to remove offensive weapons from Cuba.

House Burglarized; \$50, Goods Stolen

A watch, clock radio and \$50 in cash were reported missing yesterday afternoon from the home of Wilfred W. Nichols, 1065 Meadowsweet Drive, near Corte Madera, sheriff's deputies said.

A can opener was used to open a toy bank containing \$15. All drawers and cabinets in the house were opened. Deputies said someone apparently entered through a bedroom window.

OBITUARIES

Oppenheimer Dies At 78; Rites Pending

Sam Oppenheimer, 1566 Sir Francis Drake Boulevard, San Anselmo, an original member of the San Francisco Municipal Band, died at his home today after a brief illness. He was 78.

A native of San Francisco, Oppenheimer moved to Marin County 16 years ago. He was a drummer.

He was a member of San Francisco Local 6, American Federation of Musicians, and of the Woodmen of the World in San Francisco. He joined the municipal band when it was formed in 1906.

He is survived by his wife, Anne Oppenheimer of San Anselmo and a daughter, Estelle Morse of San Anselmo.

Funeral arrangements are pending at Halsted and Co. in San Francisco.

MARY RIELLA

Mrs. Mary Riella, 80, of 812 A Street, San Rafael, a Marin resident for 50 years, died yesterday in a local hospital after a brief illness.

Mrs. Riella was born in Italy and lived in Seattle prior to coming to Marin. She is survived by three sons, Caesar, Robert and Victor Riella, all of San Rafael; seven grandchildren and three great-grandchildren.

Funeral arrangements are pending at Keaton's Mortuary in San Rafael.

JACK MAGGIOLO

Giaco (Jack) Maggiolo, 85, a retired hod carrier and a resident of Marin County since 1930, died today at the home of his nephews, Joseph D. and John L. Maggiolo, at 27 Bayview Street, San Rafael.

Maggiolo was born in Italy and lived in Richmond prior to coming to Marin to reside with his nephews. He was a member of the Italian Catholic Federation.

He leaves two other nephews, James Maggiolo of San Rafael and Joseph P. Maggiolo of San Anselmo, and a niece, Louise Busalacchi of Stockton.

Rosary will be recited at 8:20 p.m. Sunday at Keaton's Mortuary in San Rafael. A Requiem Mass will be sung at 9:15 a.m. Monday at St. Raphael's Church, followed by entombment at Mount Olivet Cemetery.

JOHN SCOTT SR.

John Patrick Scott Sr., 70, a retired Military Sea Transport Service supervisor and inspector, died Wednesday in a San Francisco hospital following a brief illness.

Scott, who was born and spent most of his life in San Francisco, had lived the past six years at 128 Suffield Ave-

nue, San Anselmo. He retired about three years ago. He was a member of the Marine Engineers Beneficial Assn.

Surviving are his wife, Caroline Rose Scott, and two sons, John P. Scott Jr. of Sleepy Hollow and Cmdr. William Scott, USN, executive officer of the USS Essex; two daughters, Mrs. William Hulsy of Bakersfield and Mrs. John Macauley of San Francisco; a brother, Walter Scott and three sisters, Mrs. Frances Connolly, Mrs. Genevieve O'Hanlon and Mrs. Norleen Powers, all of San Francisco, and 21 grandchildren.

Rosary will be recited at 8 p.m. tomorrow at Sullivan's Mortuary in San Francisco. Mass will be celebrated at 9:45 a.m. Saturday at St. Cecilia's church, San Francisco, followed by burial at Holy Cross cemetery in San Francisco.

FRANK DOWSETT

Funeral services will be held tomorrow for Frank Llewellyn Dowsett, 70, of Petaluma, the brother of Mrs. Osborne White of Kentfield.

Dowsett died Tuesday in a Colusa motel after a sudden illness. He had been duck shooting at the Butte Lodge Outing Club in Colusa, where he was a longtime member.

Besides his sister, Dowsett is survived by a brother, Herbert M. Dowsett of Honolulu and two nieces and four nephews.

Funeral services will be held at 3 p.m. at the McNary Funeral Chapel in Colusa. The family prefers memorial gifts to the Heart Assn. or other favorite charities.

Sausalito Firm Sending Guam Aid

A. G. Schoonmaker Co. Inc. of Sausalito shipped a 300-kilowatt mobile diesel generating unit to Guam today to help provide power for a cement plant on the devastated island.

Guam was hit by Typhoon Karen Sunday and Monday.

The Navy on Guam is also negotiating with the Sausalito firm for additional equipment to provide island power, T. L. Schoonmaker, president, said.

The mobile unit was loaded aboard the ship, Indian Bear, to leave the bay tomorrow and arrive in Guam Dec. 2. Schoonmaker manufactures diesel generator sets and marine units.

U.S. Launches First War Games Along Florida Coast Since Crisis

FORT PIERCE, Fla. (AP) — "Hell on wheels" tanks of the First Armored Division were to sweep ashore from the Atlantic Ocean today in the first war games in South Florida since the Cuban crisis boiled up.

Men of the First Brigade were to roll their tanks and trucks off four big LSTs (landing ships, tanks) onto the beaches of Hutchinson Island at high tide.

Swelling seas caused a 48-hour delay in the mock invasion by some 1,500 soldiers and their tanks on the beaches of Hutchinson Island where American GIs trained for the Normandy invasion of World War II.

The seas calmed down late yesterday and the landing exercise got under way before dark.

Navy frogmen probed beaches and soldiers worked in waist-high waves to erect piers for a portable causeway that will span 350 feet from ships to shore.

Air Force jets roared over

the beach, east of Fort Pierce, in practice passes.

Troops of the First Armored are among the thousands of soldiers, airmen and Marines sped to the South Florida area during the Cuban crisis. Some of the units are capable of mounting an invasion of Cuba if one should be ordered. Others are poised to defend the area against any attack from the air or sea.

The units are strung along the Florida coast from Cape Canaveral to Key West, which is only 90 miles from Havana.

Soldiers of the First Armored ("Old Ironsides") division are bunched at the Gulfstream Racetrack just north of Miami. The LSTs, and a scattering of smaller landing craft, came from Port Everglades which is Fort Lauderdale's sea outlet.

The exercise apparently is planned on the premise that infantry soldiers already have taken a toe-hold on an enemy shore, and the tankers are pouring in the big stuff for an inland push.

The professor also told the women that an American "drift to the socialist left" requires Republicans to run as moderates.

In other action, the group praised Nixon, hoped to have "the benefit of his ability and service in the years ahead," and condemned the American Broadcasting Co. telecast of Nov. 11 entitled "A Political Obituary of Richard M. Nixon."

GOP Unit To Sit Out Any Battles

PALO ALTO (AP) — California's organization of Republican women will sit out any intraparty battle for leadership, its president declares.

Mrs. Merritt Hosmer of San Carlos made the statement after hearing state Republican Chairman Caspar Weinberger plead for party unity at the meeting here yesterday of the northern division of the Federation of Republican Women.

SHOWDOWN DUE
Conservative Joe Shell of Los Angeles—who ran unsuccessfully against Richard M. Nixon in the June primary—and Weinberger appear to be heading for a showdown over who will guide the leaderless party, and how it will be run.

But yesterday, at the meeting of 300 women representing the 15,575 members of the federation's northern division, a political scientist questioned that Shell would be able to unseat Weinberger.

Dr. Alonzo Baker of University of the Pacific said, "If there are 300 of you here, I imagine 301 of you are for Cap Weinberger." This drew long applause.

THE MINORITY
Baker added, "It was dissension within the Republican Party that elected Pat Brown in 1958 and defeated Richard Nixon in 1962. We're the minority party. We've got to stick together like glue."

The professor also told the women that an American "drift to the socialist left" requires Republicans to run as moderates.

In other action, the group praised Nixon, hoped to have "the benefit of his ability and service in the years ahead," and condemned the American Broadcasting Co. telecast of Nov. 11 entitled "A Political Obituary of Richard M. Nixon."

BROWN IS READY TO SHUFFLE JOBS

By MORRIE LANDSBERG

SACRAMENTO (AP) — The word went out to Gov. Edmund G. Brown's department heads today that they're expected to turn in their resignations to clear the way for a possible reshuffle in the victorious Democratic administration.

The governor did not make the request directly but, it was learned, he passed along the suggestion through his agency administrators that "this is the proper thing to do."

There was no advance hint of how many, if any, of the mass resignations will be accepted.

Brown has made no secret of his desire to drop Insurance Commissioner F. Britton McConnell, who has feuded with the governor over the reorganization of state agencies.

McConnell was first appointed by former Republican Gov. Goodwin J. Knight and reappointed by Brown to a four-year term which ends next June. Most other department chiefs serve at the pleasure of the governor.

In addition, a highly placed source said several department directors have indicated they want to leave for personal reasons. The officials were not identified.

Brown, enjoying a post-election breather in Palm Springs, has been conferring with his top advisors on these and other personnel matters. He plans to return to his Capitol desk next Monday.

Aside from possible resignations, Brown can make appointments to three directorships: Public works, water resources and industrial relations.

At present, Robert Bradford heads public works and William E. Warne runs water resources. However, they both hold bigger jobs as well. Bradford is administrator of the Transportation Agency and Warne is administrator of the Resources Agency.

The implication is that either Bradford and Warne will be moved out of their \$25,000-a-year agency jobs or that new directors will be named for their department posts.

Busher Tells Supervisors Group Of Money Earned In Furlough Plan

During four and one-half years of Marin County operation of a county jail work furlough program, 451 men and women participants have earned more than a quarter-million dollars, Marin probation officer Walter H. Busher told the County Supervisors Assn. of California session at Anaheim today.

Fifty-three per cent of the earnings have been paid to families of the jailed persons for support, Busher said.

By 1980, say experts in urban affairs, expanding communities of the Atlantic seaboard may be merged all the way from Bangor, Maine, to Miami.

He added that earnings of the "furloughmen" also reimburse the county for the full cost of the plan's administration and are used to make restitution to injured parties, pay fines, continue installment purchase payments, pay union dues and cover personal expenses related to the workers' jobs.

One-quarter to one-third of all prisoners committed to the jail are involved in the program at any given time, said Busher.

Busher pointed out that Marin County is one of only five with such programs in California. Only three prisoners have escaped since it was started, although about 10 per cent

committed technical violations leading to withdrawal of work furlough privileges.

He said the program "provides the courts with means to restrict the freedom of selected offenders without indirectly extending penalties to innocent parties." Rehabilitative benefits, Busher felt, outweighed the "by-product" of financial advantage to taxpayers.

Other counties contemplating such a program were warned not to undertake it "unless the sheriff is willing to assure his fullest cooperation because 'the program is extremely vulnerable to sabotage by those who have some part in its operation.'"

LOS ANGELES (AP)—Some of the best scientific minds in the country were stumped when a slender, dark-haired young man chalked on the blackboards this equation:

$n \text{ equals } r \text{ fp } ne \text{ fl } fi \text{ fc } l$. The speaker was Dr. Carl Sagan, 28, assistant professor of astronomy at Harvard University.

His audience consisted of

several hundred members of the American Rocket Society, gathered for his luncheon address yesterday.

The equation was his way of expressing the mathematical probability that intelligent beings from outer space have visited earth.

Sagan explained that in his equation "n" stands for the number of advanced technical civilizations in the universe possessing the capabil-

ity of inter-stellar communication.

"r" is the mean rate of star formation averaged over the lifetime of the galaxy.

"fp" is the fraction of stars with planetary systems.

"ne" is the mean number of planets in each system with environments favorable for the origin of life.

"fl" is the fraction of such planets on which life does

develop.

"fi" is the fraction of such inhabited planets on which intelligent life with manipulative abilities arises during the lifetime of the local sun.

"fc" is the fraction of planets populated by intelligent beings on which an advanced technical civilization arises.

And "l" is the lifetime of this technical civilization. Sagan said information in

his formula is based on current estimates by astronomers. In making calculations, he assigned each symbol an arbitrary numerical value.

As expressed in numbers, Dr. Sagan said, the formula means that at least a million of the 100 billion stars in our Milky Way galaxy have planets which have developed civilizations capable of travel between the stars.

ENGLISHMAN RINGS CRIER'S BELL HERE

Alfie Howard, town crier of Lambeth and Cromer, paid a visit to Tiburon yesterday, ate lunch at the Dock restaurant (which thoughtfully provided two tea bags for his cup of Rosie Lee), and stopped off at the Reed School to give the pupils a living history lesson.

Dressed in his traditional uniform of red and yellow tailcoat, knee-breeches, buckled shoes, and a cape, topped by a black tricorn hat, Howard rang his 200-year-old bell as he walked along Tiburon's Victorian Main Street.

Howard is in the Bay Area as part of London Week celebration.

Cathy Burton of Strawberry Point and Liverpool, Dock waitress, had the honor of serving his lunch and fortunately knew he would like his beer warm, that Rosie Lee was a cup of tea, that he would like it nice and strong and would ask for milk instead of lemon. They agreed that American tea just wasn't up to English standards.

Howard and 21 others in England belong to an ancient and honorable profession of town crying. During the summer months he cries in the town of Cromer, a seaside resort on the east coast which he described as much like Tiburon. Three times a week he cries the local news, welcoming the visitors, bidding them farewell, announcing news of meetings, functions, election results, children and dogs lost and shows. Each "cry" starts with "oyez"

and ends with "God save the queen."

During the winter he "cries" in Lambeth, which is the second largest borough of London. Here he announces major events such as the opening of parliament. He "cried" the announcement of the death of King George VI, and during the Coronation he "cried" all over London.

He has also been town crier for the Isle of Wight, and in 1959 was judged champion town crier of England in the National Town Criers Contest. His shout can be heard at a distance of over 200 yards.

Howard's host in Tiburon was Branwell Fanning of the Reedlands, who is vice president of Cartan Travel Bureau of San Francisco.

Boys Chorus In 'Cinderella'

The Winifred Baker Boys Chorus of San Rafael will take part in a San Francisco Children's Opera Assn. production of "Cinderella" at San Francisco's Opera House Dec. 2 at 2:30 p.m.

The San Rafael boys, along with the George Washington and St. Monica High School glee clubs, have been selected to augment the chorus for the production which will mark Children's Opera Week in San Francisco as proclaimed by Mayor George Christopher.

The cast of 150 performers will be headed by 19-year-old Diana Stanker in the title role. Dancers of the Betty May Studio will be featured in the ballet numbers, and members of the San Francisco Symphony will be in the orchestra pit.

Head Injury

Lon Edward Bailey, 21, of 1011 Second Street, San Rafael, was hit on the head with a serving spoon by his brother, Earl, last night, and required four stitches at San Rafael General Hospital.

Chinese Launch Massive Attack, Fierce Fighting Now Going On

NEW DELHI, India (AP)—The Chinese Communists have launched a massive attack on Indian troops at the east end of the Himalayas and fierce fighting is now going on, a Defense Ministry spokesman said today.

The Chinese attack on Indian positions near Walong followed an Indian attack that captured some Chinese outposts, the spokesman said. After restricted fighting in one area which began Wednesday, the Red Chinese attacked on a massive scale north and west of Walong, he said.

SUPERIOR NUMBERS Chinese troops are attacking in considerably superior numbers, the spokesman said.

No other action was reported on the Himalayan battle front. The Walong attack was the first major fighting since the offensive into India ground to a temporary halt three weeks ago after capture of some 2,500 square miles.

The spokesman said the Red Chinese around Walong had not advanced when last reports came in shortly before he talked to reporters.

The Chinese attack was triggered, he said, by a new Indian army policy of probing Red Chinese lines in an effort to keep them from consolidating their positions. This policy is also now being followed near Towang, where the other major thrust by the Chinese has penetrated into northeastern India.

MOST DANGEROUS

The Walong thrust, 15 miles west of the Burma border, is potentially one of the most dangerous of 13 Red Chinese penetrations into India.

Walong lies in the valley of the Luhit River that forms a natural highway down through the mountains to the densely populated plains of upper Assam State.

Indian troops attacked Red Chinese positions a few miles northwest of Walong in the jumbled slopes of the lower Himalayas. A spokesman said

"our troops were able to occupy the forward slopes of the Chinese position in spite of heavy enemy fire."

The Indian attacks came after four weeks of retreat. They were not in the nature of a full-scale offensive.

Damage To Guam In Millions

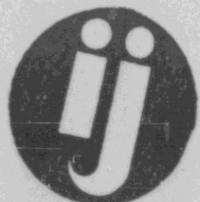

AGANA, Guam (AP)—The acting governor of Guam has put a price tag of 210 million dollars on restoring the island's typhoon-battered economy and pledged a long-range recovery program to prevent the growth of shantytown communities. Guam officials said today the cost of repairing and rebuilding government property damaged Sunday by typhoon Karen would be 50 million dollars, with private property needs about 160 million dollars. Acting Gov. Manuel Guerrero emphasized that the figures don't include emergency steps taken to help the island get back on its feet after the worst disaster in its history. Karen swept across the center of Guam with winds of 175 miles an hour and turned the island into one huge pile of debris. Eight natives died—the latest injured victim succumbing yesterday—and 9,000 families are homeless.

Hub Hunter Found Guilty

Frank Egger of 4 Laurel Avenue, San Anselmo, entered a plea of guilty in the Northwest Judicial District justice court at Point Reyes Station Wednesday on a charge of carrying a loaded shotgun on a public road while quail hunting Nov. 7. Judge David R. Baty fined Egger \$25. He later explained that the law is a safety measure, recalling the death of a motorist two years ago because of a loaded gun which fell to the floor of a car and discharged. Clarence Pensotti of Point Reyes Station was sentenced to five days in the county jail for being drunk in and about an automobile in a public street in Point Reyes Station Nov. 13.

Assistant Building Aide Due Novato

Novato will hire its assistant building inspector two weeks early because of the large amount of building now going on, the Novato City Council

agreed last night. A second building inspector was scheduled to join the city staff on Jan. 1, but the council advanced the date to Dec. 15

Novato Police Criticized For Few Moving Traffic Tickets

The Novato Police Department came in for some sharp criticism from Councilman Everett Pozzi after he received the monthly police report at last night's Novato City Council meeting.

Pozzi referred to the figure of 34 moving traffic citations issued last month. "Every month it is the same. Don't they have good months and bad months?" he asked.

Mayor M. E. Silva said they averaged "about one citation a day."

"I could write out six or

seven every night on Grant Avenue when I go home," Pozzi said. He said it took him 15 to 30 minutes to go the few blocks to his home because of people double-parked on Grant Avenue. (Double parking is not a moving traffic violation.)

"I am going to keep riding them until I get some action," Pozzi declared. "I want more police protection on Grant Avenue."

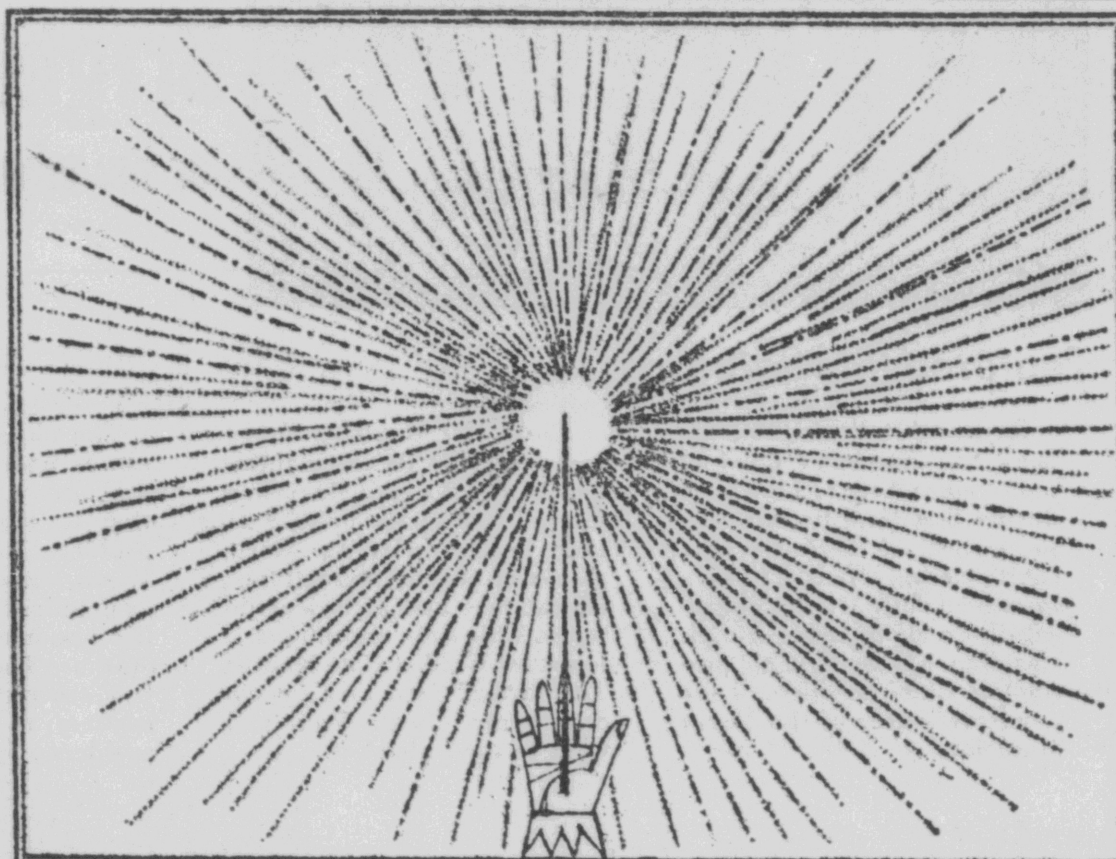

An 1852 law, passed in the reign of Napoleon III, called for regular inspection and repair within Paris.

on request of building inspector Fred Westfall. During October, Novato issued more than one million dollars in building permits, Westfall reported—the first month in its history that the city has passed the million-dollar mark.

The council approved raising two street lights near the police station from 1,000 to 2,500 lumens.

Appointments of three new police officers and one temporary maintenance man for the public works department were approved.

Harold E. Sutton of Sonoma, and Perry J. Haley of Richmond, started work today as police officers. Douglas C. Smith of 1303 Chase Street, Novato, will start work Monday. Salary for each is \$457 per month. Harold E. Owen Jr. started working as a temporary maintenance man on Nov. 7.

THE MAGICIAN OF LUCAS VALLEY

Once a magician lived by himself in the beautiful land of Lucas Valley. As the years went by he grew more lonesome and thought he should have other people near him. So he decided to build houses. He called them Eichler homes. But before he began, a terrible thought occurred to him. What if every rooftop has a TV and FM aerial. The views of the hills and trees would be shut out. The sky would be seen only through a maze of wires and poles. The aerials would ruin wonderful Lucas Valley. He made a decision. Using his great skill he caused a master antenna to appear on a distant hill. Now, there would be no need for individual aerials. Every Eichler home would be able to use one antenna for television or FM. The magician smiled. The hills and trees smiled. And the people about to live in Lucas Valley smiled too. For a special reason. They knew they would have much better television and FM reception. ~~~~~

2 Parking Spaces For Homes Proposed

Two parking spaces, instead of the present one, are proposed to be required for each new single family residence in Sausalito under the proposed new zoning ordinance.

This principle has been submitted, along with four others, by a city council subcommittee and will be discussed at Tuesday's council meeting.

The proposals, suggested by

Councilmen Philip S. Ehrlich Jr. and Michael Harris, are mimeographed and available at the city hall. A revised zoning map, designed by Councilman Howard Sievers, is available for viewing on the wall of the council chambers.

Other new proposals of the subcommittee include:

That the minimum square footage per apartment unit be raised from the present 1,250

square feet to 1,500 square feet.

Parking spaces required for each unit in a duplex-triplex structure will be one and one-half spaces. All fractional requirements will be raised to the next whole number. Thus, the owner of a triplex will be required to provide not four and one-half but five parking spaces.

There will be no residential development in industrial areas or commercial uses in residential areas. Residential development will be permitted in all commercial zones.

Duplexes may not be constructed in R-1 (single family residential, 20,000 square feet per unit) or R-2 (duplex, 8,000 square feet per unit) zones. They may be constructed in the approved portions of R-3

zone (single family residential, 6,000 square feet per unit) only if single family unit area requirements are met. Thus land requirements for each duplex will be 12,000 square feet. This provision is intended to preserve density standards, the subcommittee states.

Structures may be rebuilt in the existing use if destruction is of less than 50 per cent of the appraised value. If destruction is of more than 50 percent, the structure may also be rebuilt for 25 years after the enactment of a new zoning ordinance provided that (1) the duplex was a legally constructed or legally converted structure and (2) that the structure conforms to the parking requirements in effect at the time of reconstruction.

Greenbrae School Considered For Recreation Program

The Kentfield School District board will consider a new plan to include Greenbrae School in the Larkspur-Corte Madera joint recreation program, Supt. Howard C. Harmon promised last night.

Under the new proposal the pupils would engage in five hours of playground activities and possibly dramatics on Saturdays under direct supervision of a school district employee. The plan will be considered by the school trustees Nov. 26.

The old proposal, tabled by the board several weeks ago, would have used a director supplied by the commission.

Agreement to consider the new proposal was reached at a meeting of the commission attended by Harmon and William G. Fleckles, president of

the Greenbrae Property Owners Assn., which for months has tried to get recreation started at the school.

Cloud View Park Plan To Council

Plans for Cloud View Park were approved last night by Sausalito recreation commissioners and forwarded to the city council.

Additional recommendations by Police Chief Howard Goerndt and Fire Chief Mathew J. Perry are included in the plans, according to chairman Willard A. Hall. Plans are by Lawrence Halprin, Kentfield landscape architect.

The commission met at 8 p.m., then adjourned to attend the rosary recited for Brian K. Muldoon, 13, son of commissioner James E. Muldoon, who died Tuesday of leukemia. The meeting was reconvened at 8:30 p.m.

Rumor Has Aerojet Getting Net Depot

By CHAPIN A. DAY

Rumors that Aerojet-General Corp. would take over the Tiburon Naval Net Depot as a research and testing base for rockets brought a "no comment" response today from the company.

A public information officer at Aerojet's Sacramento office, said he was unable to release any information on the matter and referred an Independent-Journal reporter to Capt. Robert Freitag, chief of the U.S. Navy Bureau of Weapons in Washington, D.C.

Captain Freitag was not available by telephone and did not answer several requests that he call the Independent-Journal. However, a Lt. Commander Henning, who identified himself as an aide to Captain Freitag, returned the call

and reported that the bureau has "nothing at the moment on it."

The rumors started following inspection of the site by Aerojet officials after Interior Secretary Stewart L. Udall suddenly cancelled an appointment to meet with the Marin Board of Supervisors at the net depot for "an important announcement." It had been expected that Secretary Udall would announce the transfer of the depot from the Navy Department to the Interior Department so that a major marine science center could be established there.

The original rumor said that the depot would be converted into a testing and development center for the Corporal rocket. But a man in Aerojet public in-

formation office chuckled and pointed out that Corporal rocket was an early development and it is unlikely a major development project would be started on it at this point.

In San Francisco, the 12th Naval District referred inquiries about the depot to the commander of the Naval Ammunition Depot in Concord, George Deeds, public information official at the Concord base said they had no new information on the future of the Tiburon facility and that it still remained under naval control.

Marin supervisors sent letters to the secretaries of the Interior, Navy, senators and other officials urging establishment of the marine science center at Tiburon.

The Interior's administrative assistant secretary, D. Otis

Beasley, answered the supervisors stating that "no final determination has yet been reached by the Navy Department in regard to the further utilization of the (Tiburon) property."

"Until the property has actually been transferred to this department," he went on, "we are not in a position to discuss the details of occupancy."

"There are four bureaus in this department which have a strong interest in using Tiburon as an oceanographic research base. Should we receive jurisdiction of the property by transfer, it will be our primary responsibility to insure that the operational needs of these bureaus are satisfied."

No answer has yet been received from the Navy Department. However, California's two senators, Thomas Kuchel and Clair Engle, answered with promises to cooperate with the supervisors.

Joel W. Hedgpeth, director of the University of the Pacific marine station at Dillon Beach, also wrote the supervisors approving the idea of a marine science center.

"The possible use of the site to test certain types of equipment as we understand has been proposed by a missile corporation, would be ill advised," he declared. "Possible pollution from corrosive fluids by such testing would endanger invertebrate life and possibly cause economic loss to pleasure craft in the vicinity of Tiburon and Belvedere."

A.F. Refuses To Consider Delay In XB-70 Flight As Serious Setback

WASHINGTON (AP) — Air Force officers refused today to regard a three-month delay in the first flight of the 2,000-mile-an-hour XB-70 airplane as a serious setback for the controversial project.

They said the Air Force expects little difficulty in solving

the fuel tank problem that caused the delay from December to March or April.

The plane is known as the XB-70 in its experimental form. As a reconnaissance-strike plane it would bear the designation RS-70.

In a terse announcement late yesterday, the Air Force said the pioneer flight of the revolutionary plane has been rescheduled "because of problems encountered in satisfactorily sealing fuel cells of the aircraft, which will be subjected to the high temperature generated at three times the speed of sound."

The problem involved leak-

Tax Cut Plan Wins Backing

WASHINGTON (AP) — President John F. Kennedy's proposals for a tax cut next year have the warm blessing of top-ranking labor, business and civil leaders.

An overwhelming majority of the expanded 170-man conference of the president's Labor-Management Advisory Committee said yesterday that they favor a quick, substantial tax cut to spur a sluggish U.S. economy.

Among other things, most of the conferees seemed agreed: That any tax cut should be permanent.

That it should be about 10 billion dollars a year or less, although many recommended up to 15 billion dollars.

That a tax cut bill should be divorced, if necessary for passage, from the tax reform proposals Kennedy is expected to make to Congress next year.

Most labor members of the panel said taxes should be cut mostly in the lower income brackets. Industrial members held out for both income and corporate cuts. Public members—economists, educators, and public officials—seemed to favor at least two-thirds of the cut in income taxes to stir consumer spending.

Few panelists raised the objection that has been heard from many Congress members: That a tax cut is not justified, in view of a national debt that tops \$300 billion and the official Budget Bureau estimate that this fiscal year will add another 7.8 billion dollars to it.

Marin MAGAZINE

Bright reading for the whole week

Featured this Saturday:

Raymond R. Buchignani has been San Anselmo's chief of police since Aug. 1, 1959. And during that time he has won the respect of Marinites as a courteous and efficient law enforcement officer. Independent-Journal reporter Ralph Chatoian has written a "profile" of Chief Buchignani for tomorrow's issue of the Marin Magazine.

The Marin Magazine tomorrow continues its entertaining and instructive "See Marvelous Marin" series with another article in its series on Marin places of scenic, recreational, educational and historical interest. This time the subject is beautiful Golden Gate Baptist Theological Seminary on Strawberry Point. You will want to read about it.

The Christmas shopping season is under way, and books are always one favorite solution to the "what to buy?" problem. As a result, the I-J Marin Magazine has expanded its popular book review section for tomorrow's issue. Among the many books to be reviewed, you are certain to find some answers to your gift-buying problems.

Two Marin High Students Honored

Two Marin high school students were honored yesterday at a joint meeting of the San Rafael and Mill Valley Optimist clubs in connection with the Optimist's National Youth Appreciation Week.

They are Bill Rice, Tamalpais High School senior and student body president, and Rocky Shone, San Rafael High School freshman.

Plaques, inscribed with the Optimist creed, were presented at a luncheon at Sabella's Restaurant by Municipal Judge Joseph G. Wilson.

Teachers and councillors made the selection of Rice on the basis of his contribution as an outstanding student leader. The San Rafael club selected Shone from a number of outstanding boys they have worked with.

Shone, active in sports, is captain of the freshman foot-

ball team and played two years on the Optimist Pony League baseball team. He is the son of Mr. and Mrs. Raymond H. Shone, 80 Forbes Avenue, San Rafael.

Rice was president of the sophomore class and has been active for three years in baseball, basketball and football. He is the son of Mr. and Mrs. William A. Rice, 215 Panoramic Drive, Mill Valley.

Congratulating the boys, Judge Wilson said: "The accent today can be more on young men and women who do well rather than on those who do not . . . the vast majority of young men and women today are fine people. In many cases, they are better educated, more curious, more intellectually aware than we were at the same age. They represent to me the hope of our cities, county, state, nation and our world."

Rice, thanking the two clubs, said, "Teen-agers are working very hard to be the leaders of

Robert H. Prather, Tamalpais High School principal, in-

troduced Rice. Frank Gelardi, Mill Valley club president, presided, and Kenneth A. Samuelson, president of the San Rafael club, spoke briefly.

Mrs. FDR Mementoes To Loved Ones

POUGHKEEPSIE, N.Y. (AP)—A little gold ring, a piece of silver, what's left of a pink china set—these are among the warm mementoes left to many by Mrs. Franklin D. Roosevelt in her will.

The former first lady died last week at the age of 78 in her Manhattan apartment, and was buried Saturday on the family estate at Hyde Park.

Her will was filed for probate yesterday, with no immediate estimate of the full value of her estate.

Shining through the legal language of the six-page will were the small, personal bequests betokening warm associations with her children, her friends, and those who were, or had been, in her employ. Even nine godchildren were

not forgotten.

Here are a few items:

"To my son James Roosevelt all my flat silver marked 'ER,' and the old silver Lady Bell.

"To my son Elliott Roosevelt what remains of Grandmother Roosevelt's pink china and two silver serving trays.

"To my son Franklin D. Roosevelt Jr. the Japanese screen on the wall of my living room in my New York apartment, and the silver tankard."

To her physician, Dr. A. David Gurewitsch, \$10,000 "in gratitude for his devoted care for which he would not accept compensation during my lifetime." It was the largest single cash bequest.

Dr. Gurewitsch also was left

an etching of President Roosevelt by Oskar Stossel.

To her son John Mrs. Roosevelt left the furnishings and other property in her Hyde Park cottage, except for specified items designated for others.

She directed that personal property in her New York apartment be distributed equally among her other sons and her daughter, Mrs. Anna Roosevelt Halstad—again with specific exceptions.

Joseph P. Lash, a longtime friend and New York editorial writer, was given an etching of President Roosevelt by Marcia Silvette and "any two sets of books which he may choose from the apartment or the cottage at Hyde Park."

Lash's wife, Trude, will re-

ceive a sable scarf. In addition, Lash and his son, Jonathan, are to receive 36 shares of stock in Liberian Enterprises, Inc.

To everyone in her employ at the time of her death, Mrs. Roosevelt bequeathed \$100 for each year of service with a maximum of \$1,000 "unless such person shall have been a secretary to me, in which event the limitation is \$2,000."

After distribution of all specified bequests Mrs. Roosevelt instructed her trustees—her sons and her attorney, Henry S. Hooker—to invest the remainder of her estate and to pay the income quarterly to her daughter, Mrs. Halstad. After Mrs. Halstad's death, the principal will be divided among the surviving brothers.

4 Foreign Students To Be Interviewed

Four foreign students at the College of Marin will be interviewed Monday at 11 a.m. over radio station KTIM by Leslie Draper, college placement officer for the State Department of Employment, who is assisting them in obtaining part-time work.

The students are John Shoka of Tanganyika, Africa; Suwajap Songsiridej of Bangkok, Thailand; Kim Iksu of Korea and Chaman Samuel of India.

How Doug Cowan stopped traffic

Doug Cowan, president of Ames Ford, San Rafael, looks like an ex-full-back. He's big enough to stop traffic himself. Instead, he uses the #1 traffic-stopper in Marin County, the Independent-Journal.

And how he stops readers! Advertising in the I-J, Cowan sold a quarter-million dollar's worth of cars in just 3 days after the new 1963 line of Ford automobiles was announced. (That's his advertisement, by the way, in the paper he's holding) . .

But sales didn't stop there. In 30 days, Doug, "Thunderbird" Cowan had sold 249 new cars . . . made 249 satisfied customers.

"The Independent-Journal has the horsepower to make advertising really work," says Cowan. "It covers the entire county. It's wanted. It's read. With our combination of cars, our customer policies, and that kind of readership, it's only natural we'd obtain outstanding results."

Under Cowan's leadership, Ames Ford is today among the most progressive dealerships in the country -- one of the top 100, for example, in Thunderbird sales.

Leadership . . . readership -- they go together and meet the public week after week in the Independent-Journal.

**RECORD-BREAKING SALES
NORMAL AT AMES FORD**

In just 30 days after introduction of the 1963 models, Ames Ford sold \$850,000 worth of cars. Always a consistent advertiser in the Independent-Journal, Ames Ford consistently sets new sales records—and then breaks them.

Serving all of Marin County

DINING OUT AND INNS

By HARRY CRAFT

Catch May Be Slow But Many Marin Menus Have Fresh Crab

Fresh crab will now be on many Marin restaurant menus in spite of the slow catch. And the season wouldn't be quite the same if Franchini's West End Villa didn't start it off by serving its traditional crab cioppino dinners. It became a time-honored custom under the late Pete Ostaggi, with bibs and damp napkins and appropriate ritual — and the Franchini's have never ceased to observe it. You can get it there tonight.

SABELLA'S, of course, will have crab, too, and in any number of other ways, as is befitting the county's largest seafood palace. Also at the retail counter.

This is one place, by the way, that's already making advance plans for New Year's Eve. Lou Sabella says this year's event will be more gala than ever, featuring dancing from 9:30 p.m. to 1:30 a.m., dinner, champagne, favors and piano bar for \$12.50 per person. He's urging early reservations.

PLANNING on having your Thanksgiving dinner out next week?

A few new places are serving this year, and some that were

open last year are expected to close. Among the latter are the Trident and Nero's at Nave Lanes. Others at this writing were still undecided.

We'll have as complete a rundown as possible for you in next Wednesday's edition showing who's open—but if you're planning ahead call your favorite haunt now. About 25 places should be open.

RUBIN'S, ordinarily closed on Thanksgiving, will shut its doors Sunday night and stay closed Monday through Thursday next week.

NOW AT THE TRIDENT—Vince Guaraldi, every night except Monday, 9 p.m. to 2 a.m.

NICK KOBSEFF tells me that all sorts of things have come in for this Sunday's auction—as many as last year. Homemade cookies, spices and candies, plus a varied stock of trade goods, oddities and antiques.

The Rancho Nicasio auction takes place from 2 to about 6 p.m. Proceeds go to the Nicasio Mothers Club and 4-H Club. It's bound to be a good show even if you don't bid.

Big Nick who manages to

associate himself with as many charity affairs as anyone I know has been appointed to the board of governors of Handicapped International (World Organization for Rehabilitation and Employment of the Handicapped). You'll hear more about this later. He has something big set for the Rancho next month, weather permitting.

THE CELLARS in San Rafael will start dinner service tonight with a rather good-sized menu. Selections range from spaghetti Romano to frog legs and medallion of beef Gordon Bleu. Some of the other entrees: Beef Stroganoff, Hungarian stuffed cabbage with sour cream, rabbit saute au vin blanc and broiled lobster tails. Also a child's plate.

Service from 5:30 to 11:30 p.m. throughout the entire week.

Lunches still continue Mondays through Fridays from 11:30 a.m. to 2:30 p.m.

A KEY CLUB in Marin—but you don't need a key or password.

The Colonel's Ranch Wagon has one for Monday night—an evening originally set aside for the culinary and allied trades. It proved to be so popular Max Horowitz is inviting everyone to come in and join the fun.

One Monday night each month is "Roaring Twenties Night"—this month, Nov. 19—

next week. Flapper and dapper dress optional. Free buffet and prizes, with dancing to the Gene Byrnes Trio.

PETER ALIOTO'S Arbordale Hof Brau in Sausalito has a new dressing—but not on the salad. They're making color changes in the interior to go more with the Bavarian atmosphere. Should be very attractive.

RAMONA tells me she expects to hold her Posadas ceremony again this year in San Rafael. Three days—Dec. 20, 21 and 22. Professionally conducted, with all the trimmings.

Hamilton Airman Is Given Award

T/Sgt. Donald E. Hagerman, personnel technician of Headquarters, 28th Air Division, last week was awarded the Air Defense Command Commendation Award.

He won it for his service from July 1, 1961 to Sept. 1, 1962 while serving as personnel technician with the 30th Air Division at Trux Field, Wis.

It was given for his monitoring the requisition and retention of personnel to and from aircraft control and warning sites in Canada.

Sergeant Hagerman and his wife, with their two children moved to Novato Oct. 26.

Tam English Program In National Spotlight

The Tamalpais Union High School District's English program will be described at the annual convention of the National Council of Teachers of English in Miami Monday through Nov. 24.

James L. Pierce, district English supervisor and Redwood

High School instructor, will explain the Tam district program and summer workshop process. The Central California Council of Teachers of English will finance his trip.

The Tam district English program was developed three years ago after a summer workshop, first of its kind in the district. The program is based on a three-year course sequence in composition, literature and grammar.

Takes Course

Patrick Dobbins, son of Dr. and Mrs. Leo Dobbins of San Anselmo, flew to Washington, D.C., yesterday for a three-day orientation course in the teaching of arts and crafts to the armed forces preliminary for assignment from Heidelberg, Germany, as a civilian employee.

Let's Talk Turkey (or Ham)!

Thanksgiving dinner at Pete's Pier #15 is a real family deal. With all the trimmings the tab is only \$2.65 per. (Child's plate \$3.50).

The food is plentiful and delicious—the atmosphere informal—it's fun to dine at Pete's.

Don't hock your jewels (just bust the piggy bank) and plan to bring the family to Pete's next Thursday evening.

Language Of Art

Maulsby Kimball, former director of the Bryn Mawr Art Center and chairman of Rudolf Steiner Exhibitions, is staying at the home of Mrs. Edwin Ideler in Sausalito while on a lecture tour of the Bay Area. He will speak on "The Language of Art" tonight at 8 o'clock in the First Unitarian Church, San Francisco.

Fire Alarm Job Is Created For Novato District

A position of fire alarm electrician maintenance man was created Wednesday night by the Novato Fire District board.

The qualifications for the position which will pay \$415 per month, were set by the commissioners. Applicants must be between 21 and 40 years of age and must have a background of electrical knowledge.

His duties will be to maintain and repair an alarm system when one is installed in the district. He will also be a fireman. The position is open to anyone whether he works for the district or not.

The board also authorized calling for bids on 2,400 feet of two and one-half inch fire hose and 1,000 feet of one and one-half inch fire hose.

Burning Permits

Marin County fire chiefs today called attention to the fact that burning permits are still required throughout the county, pending regular rains. Local fire departments stand ready to give full information on controlled burning under permit.

WINE CORNER

Prose, Poetry Sing Praise Of Grape

Robert Louis Stevenson said: "A bottle of good wine, like a good act, shines ever in retrospect." Clifton Fadiman put it this way: "The plain fact is that wine has character. It is not a dead matter, like a motorcar, but a live thing, like a human being or page of fine prose."

Prose and poetry of the ages are replete with such praises of wine and its importance to life, health and happiness.

Actual records of the first cultivated vineyards are lost in antiquity. Somewhere in the dawn of history, men discovered that grapes turned naturally into wine by fermentation and acted as its own preservative as long as it was protected from the air.

Since airtight containers were unknown by the ancients they either drank their wine while it was young or added preservatives such as pitch and spices. Resin-flavored wine is still popular among the Greeks. Thus wine became the universal beverage, a staple necessity of life—aided in some measure by the unhealthful character of early water supplies. Small wonder that minstrels sang about it and poets penned its praises—and when methods for storing and aging were found it became even more a "live thing."

The enjoyment of wine calls for the use of three senses: Sight, smell and taste. In aging, wine develops smoothness, mellowness and character.

All of the chemical changes in aging are not fully understood by science, and so lend an essence of romance and mystery to flavor and bouquet not found in grapes, or fresh grapejuice, or new wine.

Blending, too, is an important part of the winegrower's art.

Siphoning, filtering and the introduction of clarifying agents accentuate color and make it more appealing to the sight.

This Is The Life For You

... at last, the new, modern way of living that frees the home owner from his shackles of maintenance ... and allows the "renter" to acquire an equity in his residence. Apartment homes under the condominium plan give everyone more time to enjoy living. We're all busy people these days and outside activities consume a great portion of the weekly schedule. Condominium living is the answer for the working couple ... the busy family ... the people looking for the time to enjoy living. Perfect, too, because it's right for any age—any income level. You shed so much of the householder's responsibilities while at the same time establishing security for the future. Condominium ownership is a fine investment.

TODAY'S EDITORIAL

Novatans Willing To Accept Permanently Divided City?

We have to admit to being considerably confused by recent developments in regards to the routing of Highway 101 through Novato. People and groups we thought favored moving the highway out of the center of town, are now speaking in favor of keeping it there. And some who favored keeping it there are having second thoughts.

Time for decision is rapidly approaching.

As it has been explained to us, the planning recommendation that a "depressed" highway be constructed through town is based on one assumption—that there is no practical way of uniting the business areas of Novato into a single "downtown" area.

Accepting this assumption, the planners say that as long as it is already divided by the highway, dividing it by a little more, as needed for a depressed highway and four-lane service roads on either side, isn't doing serious harm. It's merely widening the dividing line slightly.

Our question, however is this:

Are the people of Novato, is its City Council ready to accept the original assumption that nothing can be done to

unite the city? Not even if the highway isn't there?

We aren't planners; neither are we engineers. But we'd always pictured the present 101 as a beautiful, wide main street of Novato with modern business buildings on both sides, uniting the present two shopping areas and unifying the city.

We've been told that we're dreaming, that this is not feasible because the roadway will always have to carry heavy traffic and because the council and people of Novato wouldn't unite on a plan like that and carry it through. It's just not practical, they tell us.

They may be 100 per cent right; we don't know.

What we want Novatans to understand fully is that if they do accept the depressed highway at its present location they are accepting forever more a divided city. They are accepting the original assumption that Novato never could be united.

We aren't attempting to advise them what to do; certainly, something has to be done before long to get a freeway through their city.

We do want them to make the decision based on an understanding of what the decision means.

MARIN LOOKS AT POLITICS

Marinites Go To Demo Convention Uninstructed But Favoring Kent

By CHAPIN A. DAY

When Marin Democrats go to the Santa Rosa endorsing convention tomorrow, they'll go ready to vote for their own candidates, but the heavy majority of the delegation will support Roger Kent. This has become evident in several ways.

Last weekend, just before the preliminary session in Willits, a hurriedly called meeting of the Marin County Central Committee produced about 10 members, who voted 9 to 1 for Roger. The 10th favored William Grader of Fort Bragg. Clem Miller's representative on the West Coast.

That doesn't tell the whole story, of course, because of the small attendance and the fact other Grader supporters are known to be on the central committee.

This week, the Ross Valley Democratic Club, which usually attracts 30 to 35 at its meetings, had a gathering in Jules Becker's Ross home. A total of 93, but actual count, showed up, clogging the roads around the Becker home and throwing the hostess into a tizzy of activity preparing more refreshments.

The speaker was Roger Kent.

They didn't take a vote of endorsement; they didn't have to.

A LATE STARTER (if he ever does) in the Democratic race for Congress may be

Wallace S. Myers, San Anselmo attorney. Wally has been thinking about the possibilities, but hasn't made up his mind whether to appear at Santa Rosa on Saturday. Tempus fugit.

WE MAY HAVE given you the wrong time for the start of the Republican executive committee meeting in Eureka tomorrow. It's 10 a.m. instead of 9:30 as I had said earlier. The meeting, in Eureka Inn, is open to the public and to all possible candidates who might wish to appear and have their abilities considered.

It is more than possible that a recommendation comes from the executive meeting to the endorsing convention scheduled the following Saturday. That recommendation, and this is a pure guess, will be Donald Clausen to run again.

THERE ARE A FEW items left over from the election: Virgil Hollis, Marin County superintendent of schools,

will not—repeat NOT—be given a job in Sacramento by new state schools chief Max Rafferty, whom Hollis supported vigorously during the campaign. Hollis said he does not want to leave Marin and that it was the understanding from the start that Rafferty wouldn't offer him an appointment.

Marin County's vote favoring Richard Nixon rather than Edmund G. Brown is the first time the governor has ever lost the county. It always went for him for attorney general and four years ago against William Knowland.

Gov. Norman Erbe of Iowa, brother of Mrs. E. H. Bergman of Mill Valley, was defeated for a second term by, we're told, a member of Alcoholics Anonymous who campaigned for sale of liquor by the drink in semi-dry Iowa. How could you beat that? Both the drinkers and the non-drinkers would be for him.

The third grade at West End School, San Rafael, had a hard-fought election on Nov. 6. It was so close there had to be a runoff. In the runoff the loser was Miss Barbara Beaudin; the winner, William T. Bagley, Jr., 8, son of the assemblyman.

THE JOURNAL'S report of the Mill Valley City Council meeting last week quite missed the point of our attempts to keep Ethel Avenue a safe street. Perhaps your correspondent was striving for "colorful" reporting.

REMEMBER WHEN

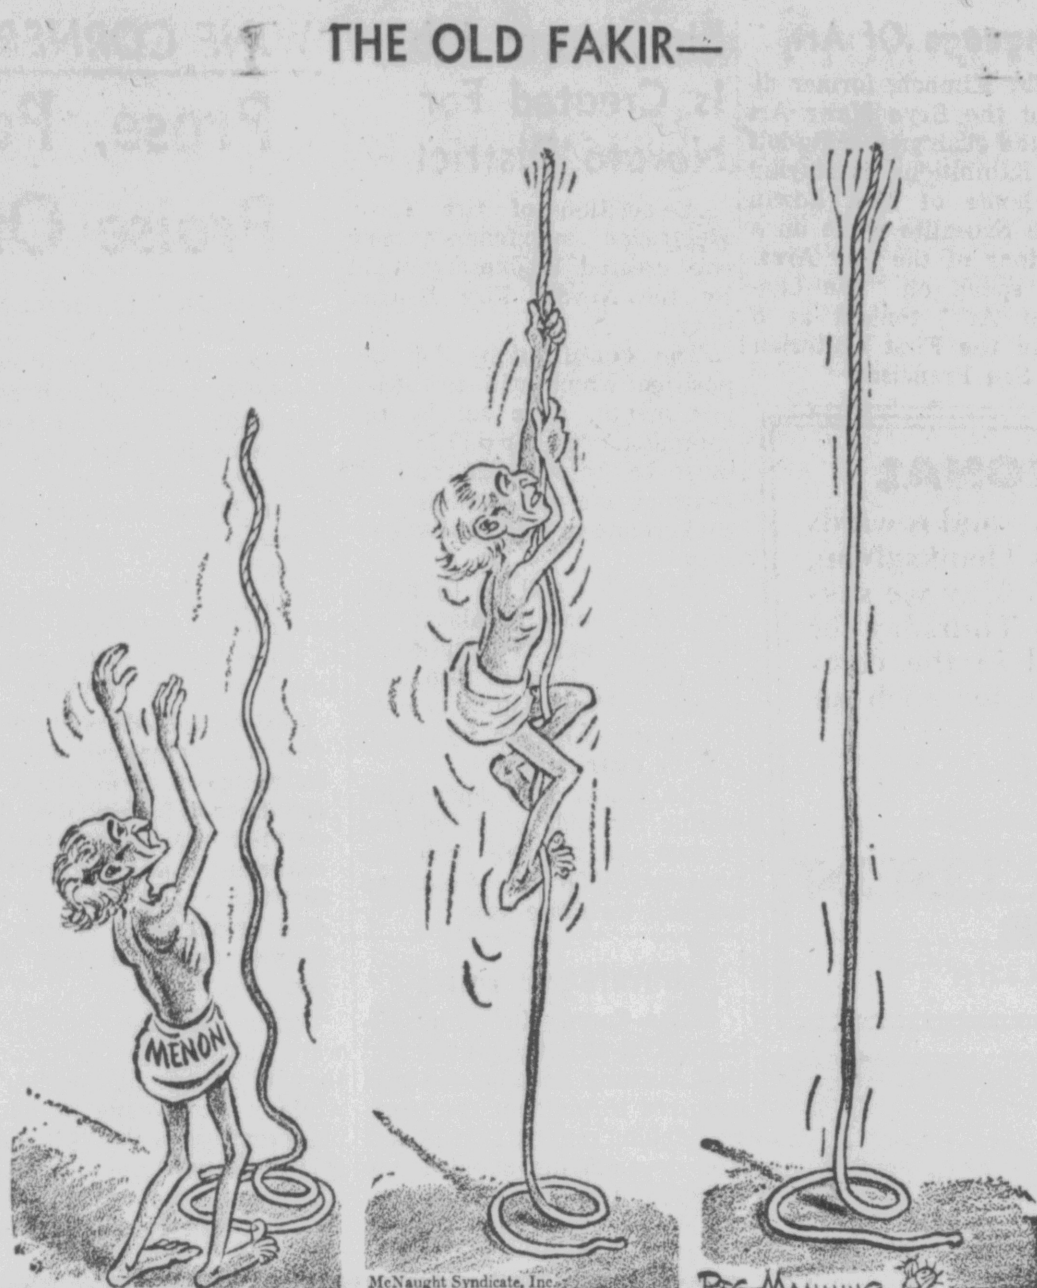

10 YEARS AGO

The City of Mill Valley is willing to pay Northwestern Pacific Railroad \$93,942 for the company's properties in Mill Valley, said city councilmen. But they said residents would be allowed to vote on the issue.

San Rafael voters at a special election rejected nine ballot propositions aimed at civic improvements, including charter amendments which would have enabled issuance of revenue bonds for off-street parking lots in the business district.

20 YEARS AGO

Private Louis Freitas of San Rafael, wounded in Papua, wrote that he was bandaged while lying under a coconut tree, but found that prowling Japanese were shooting all wounded men so he pulled his bandage off and later crept back to his own lines.

WHAT OUR READERS SAY

Then Why Have Two Parties?

EDITOR, Independent-Journal:

Your editorial of Nov. 9 asserts that Senator Kuchel's election proves that California's voters will elect a progressive Republican but not a right winger.

One might just as logically draw the opposite conclusion from Max Rafferty's election, even though the latter was supposed to be a nonpartisan contest.

And to include Nixon among Republican conservatives is to ignore the principles he stood for in the presidential and gubernatorial elections as well as the attitudes of such true Republican conservatives as Senators Goldwater and Tower.

Kuchel and Warren are no more typical Republicans than Lausche and Byrd are typical Democrats. For at least 85 years the Republican Party has almost consistently devoted itself to promoting conservative principles in government just as the Democratic Party has sponsored liberalism.

Neither conservatism nor liberalism is synonymous with virtue; prevailing circumstances determine which is preferable at any particular time. To convert the Republican Party to a second liberal party is to wipe out its reason for existence.

Why not just have one party and determine the winner in a direct primary election?

City Wants Money Or Your Life

EDITOR, Independent-Journal:

The Journal's report of the Mill Valley City Council meeting last week quite missed the point of our attempts to keep Ethel Avenue a safe street. Perhaps your correspondent was striving for "colorful" reporting.

In any event, what occurred in the council chamber was far from a "dramatic" verbal or otherwise. A number of Ethel Avenue home owners attempted to gain recognition as the meeting

The Country Parson

"Happy people should stay just unhappy enough to feel compelled to do something about the things that need correction."

opened. This, because the city had suddenly barricaded the street that same afternoon, only four hours before the council met.

The barricade, hastily erected without proper posting of the street, created hazards to life and property of which city officials were not aware. We were, and are, alarmed.

When a motorist enters a street marked "Not a Through Street," he expects to find a place where he can safely turn around and drive out. On Ethel, we now have an extremely dangerous situation. The motorist enters the dead-end section of Ethel from either Montford or Mirabel, passing an inconspicuous "Not a Through Street" sign. He drives on, looking for the usual turn-around. He arrives finally at a barricaded bridge, posted "Road Closed." And, HE CANNOT TURN AROUND.

Entering from Montford, he must back up from the barricade some 100 feet. Here he finds a small, open, private garage. Perhaps he backs in there, if the owner's car is out, and makes his turn. Otherwise, he continues backing down the ten-foot-wide road, around a blind curve, until he spies another possibility. . . . Here he has some eight feet on the upper side of the road. . . . If he's not very careful and very skillful, the undertakers have a customer on their back doorstep.

If the driver enters Ethel from the northern end, he faces an even worse situation on reaching the barricade. The blacktop is 10 feet wide. On his right is a high hill bulging over the side. On his left, a sheer drop-off that would send him careening down to Miller Avenue if he ventured too near the edge. He backs up for one-eighth of a mile around a blind curve. . . . After backing blindly all this distance, he comes to a private driveway. It lies on an extremely sharp upgrade. Opposite the driveway, and across the 10-foot-wide road, there's another chasm, dropping about 15 feet into a rock garden. . . .

What would happen if a car were stuck between hill and cliff, and a fire broke out farther down the road? The City Council stubbornly refuses to face such questions. It sees only the dollars involved in rebuilding the bridge. It demands that the handful of property owners on Ethel foot the bill for public safety. The council tells us, in effect, "Your money or your life. Until someone is hurt or killed, we're not responsible. If that happens, let them sue." . . .

When a municipality exhibits such total disregard for the safety and convenience of its citizens, we would be equally remiss in our civic duty if we failed to take every step possible to eliminate the hazards the city has created. These steps will include bringing a whopping suit for damages against the city if this becomes necessary.

About Nixon Office Picture

EDITOR, Independent-Journal:

In reply to your remarks in the Independent-Journal of tonight (Nov. 13) in which you state that Reader Jacobs was mistaken about the photograph of the window in Republican Headquarters of Mill Valley being faked, I wish to back up Reader Jacobs.

As co-chairman with Mrs. Jacobs and Mrs. Spencer, I was at the headquarters until after 7:30 on election night. The posters and billboards were ripped from the walls and windows and piled on the floor to await disposal the following day. The large picture of Mr. Nixon had never been in the window, but on the back wall. The lights were turned off and the door locked. So, whoever took the picture had gained access to the premises after the workers had left, and had placed the Nixon posters against the window.

The election is over and the people have spoken. The only reason that Mrs. Jacobs and I are bringing this to your attention is that we had been laboring under the delusion that your paper printed facts, and not contrived fantasies.

A free press is a good thing and we are all for it. But faking a photograph to make a defeated candidate for a high and respected office look slightly ridiculous, we feel is beneath the dignity of your fine newspaper.

BETH SHERWOOD HARRIS
Mill Valley

(NOTE: We apologize to Reader Harris, Reader Jacobs and their co-chairman for the note we placed on Reader Jacobs' letter (Nov. 13). Further investigation shows the Nixon picture was taken from the floor of the office and placed in the window before the picture was taken.)

TRY AND STOP ME

BENNETT CERF

"Don't let the word 'paronomasia' throw you," advises good old Dr. John Fuller. "All that it means is an old-fashioned pun."

Dr. Fuller thereupon gives a few examples, such as the missionary who was seized by cannibals, tied to a post, and jabbed with daggers so that the savages could drink his blood. After a week he told the chief, "Look: I'm tired of being stuck for the drinks."

Then there was the great composer Bach, who, whenever he worked away from home, developed a prodigious appetite. So every time he went any place he packed a valise with six sandwiches, three apples, some cheese, and a selection of cookies. This became known as a Bach's lunch.

So that's what a paronomasia is!

Eleanor Roosevelt Was Calm, Warm Person To A Small Boy

I was just a child, more interested in football and baseball than famous people with ideas and thoughts far beyond the playing field, but Mrs. Eleanor Roosevelt left a lasting impression on me.

I met her perhaps three or four times when she came out to our house in Montclair, N. J., to have a meal or spend a night while fulfilling a speaking engagement or attending a conference nearby. She was a friend of my mother, who also worked at the United Nations and was active in many of the same organizations.

THE CLEAR memory I have of Mrs. Roosevelt is of a person who radiated a vital human warmth. Otherwise I remember only her warbly voice, a hairdo that never seemed in place and dresses she wore which just seemed to hang.

She also had clear eyes which didn't waver. On the other hand, she never seemed to be staring, most probably because her eyes were encircled by a kind, crinkly face—at least it seemed that way for a small boy confronted by a personality built up by his parents' conversation.

EACH TIME I was hauled off the playing field to meet Mrs. Roosevelt she always said she remembered me and asked how I was doing in my various activities. She took time out from other older people in the group to ask me questions and answer mine.

Each time she rewon my confidence by such simple gestures. She wasn't patronizing like most adults. She seemed

sympathetic and sincere.

The first time she came to our home, shortly after World War II, sticks particularly in my mind.

I remember making a fuss because I was kicked out of my bedroom and made to sleep elsewhere for some lady known as Mrs. Roosevelt.

I WAS CONSOLED by my parents, who bought a new set of furniture for my bedroom. They said it would be mine, after Mrs. Roosevelt used it first.

She was a subject of controversy, sometimes bitter. Some parents of my small friends used to make derogatory remarks about her in my presence when it became known she was visiting our family.

I was away the night she came to dinner in our apartment, where we had moved temporarily.

Just before dinner was served, a loud shouting was heard in the hall outside the apartment. A deranged woman was running up and down with a butcher knife in her hand shouting, "Where is she, I want to kill her."

THE WOMAN tried to break the door down and slashed at it with her knife. The locked door remained firm and the police, in response to my parents' call, arrived and carted her away.

My parents told me Mrs. Roosevelt remained calm throughout the disturbance.

And this is how I remember her—a calm, warm person.

Problem Of Old Bombers In Cuba Not Serious If OAS Is Involved

WASHINGTON—While the Cuban question is far from being settled, it has almost, though not entirely, ceased to be a major issue between the Soviet Union and the United States.

Having removed its strategic missiles, which represented a large military investment in Cuba, the Soviet Union can have no interest in leaving the bombers in Castro's hands.

These bombers are dangerous weapons in the hands of an unstable character like Castro. The bombers are slow and old and vulnerable, and though they could do much damage in a surprise raid if equipped with nuclear bombs, it is most improbable that the Soviet Union is entrusting nuclear bombs to Castro.

WE MUST NOT forget that the President has put Khrushchev on public notice that a nuclear strike from Cuba will be treated as a nuclear strike from the Soviet Union.

Theoretically, anything is possible. But it is most improbable that Khrushchev would dismantle the powerful Soviet missiles which were under Soviet control, and

leave Castro with a few dozen obsolete bombers equipped with nuclear bombs which could initiate a thermonuclear catastrophe.

ON CUBA as a military base the United States has prevailed, and what remains is an issue between Castro on the one hand and on the other hand the United States, the Latin American republics, and the Soviet Union itself.

It appears that Mikoyan has had a hard and not very successful encounter with Castro in Havana. If so, he has not yet played his trump card, which would be to tell Castro that if he obstructs the complete fulfillment of the Khrushchev-Kennedy agreement, the economic help which is indispensable to Cuba will be cut down.

Khrushchev has done that to Red China. There is no reason why he could not or would not do it to Red Cuba.

In any event, the objective is the disarmament of offensive weapons in Cuba. Even if the Soviet Union does not compel Cuba to give up the bombers, the United States has the power, if the power is used under a mandate from the Organization of American States, to solve the bomber problem.

IF POWER is needed to solve it, it could be a blockade of oil shipments. But a better solution would be for the Organization of American States to tell Castro that the military neutralization of Cuba is the price of a collective guarantee against invasion or blockade.

The sooner the Cuban problem can be made into a problem of the Western hemisphere, the better the prospects of making some progress in East-West relations.

I realize that it is possible that Khrushchev will make a surprise move somewhere to recoup some of the prestige which he lost in Cuba. But, at least for the moment, this does not seem likely. Khrushchev, with Kennedy's help, has taken the line that Cuba was not a defeat, but an example of statesmanship to save the peace of the world.

Maxwell and Miss Trotter, Mr. and Mrs. MacRoberts on Television, have been named California's 1962 Christmas Seal Family. They came to San Francisco to help kick-off the annual Christmas Seal drive against tuberculosis and other respiratory diseases.

GALLINAS OWNERS BACK ANNEX PLAN

Between 30 and 40 property owners within the Gallinas Village Community Services District signed petitions of annexation last night at a joint meeting in the MacPhail School of boards of the Gallinas Village district and the Las Gallinas Sanitary District.

Allan Gwynne, chairman of the Gallinas Village board which has recommended annexation to the Las Gallinas district, said he felt the gathering of about 100 residents had been "quite successful" despite a few barbed comments on the Bay Area Water Pollution Control Board.

John B. Harrison and Fred Dierker of the board were present to help explain why the board has pressed for the annexation as best means of bringing Gallinas Village compliance with increasingly rigid sewage treatment requirements, mainly due to increase of recreational use of San Pablo Bay and Gallinas Creek.

Among those explaining the situation were Philip Asaf and Warren Nute, attorney and engineer respectively for Las Gallinas, and the county's assistant public works director Arthur T. Knutson. Directors Floyd Hovland, Annie M. Reagan and Arthur B. Carpenter of Las Gallinas also attended. The meeting was told that

an estimated \$200,000 will be required, working out at an average household tax increase of \$50 a year, to put the Gallinas Village sewer system in acceptable condition, complete construction work and pay initial connection charges.

Gwynne said his board feels that legal requirements will be met more economically by annexation than by any other solution.

Circulation of the petitions started today, according to Gwynne who said he was hopeful that a required total of 75 per cent of the assessed valuation would soon be represented among the signers.

Charles L. Convis, 562 Kernberry Drive, Marinwood, has been re-elected chairman of the Marin Council of Boy Scouts.

Fay Blair of Terra Linda and Samuel Young of Novato were elected vice-chairmen. District officers were elected at a committee meeting Wednesday in San Rafael. The district's annual "recognition dinner" will be held Dec. 12 in Terra Linda High School.

Crab Picture Looking Better

But one crab boat came into the S. J. Sturiale Co. in Sausalito yesterday, but it had a catch of 800 pounds.

This, said firm owner Sturiale, "is better than we have been getting." The average catch per boat since the season opened Tuesday has been about 300 pounds per boat.

Sturiale said he expects a fleet of eight crab boats to come into Sausalito tonight.

U.S. Army Protests Holding Of 3 GIs By East Germans

BERLIN (AP)—The U.S. Army sharply protested today the abducting at gunpoint Tuesday afternoon of three American soldiers by East German police.

A U.S. Army spokesman said the protest was delivered at Soviet army headquarters in East Germany.

The protest charged the three men were detained by East German police while inadvertently straying out of the American sector of Berlin at the east end of the 110-mile

Autobahn linking this city with West Germany. The three soldiers were in civilian clothing, the spokesman said.

The protest labeled the abduction and detention of the three men totally unwarranted and irresponsible.

The U.S. Army identified the three men as S/1c Laurence Keating, Union, N.J., Sp/5 Edward Mellon, Lindenhurst, N.Y., and Sp/4 Dawson M. Farrell Jr., Casper, Wyo.

Bombers Named By FBI

WASHINGTON (AP)—The FBI said today Bobby Randall Wilcoxson and Albert F. Nussbaum, accused bank robbers, were responsible for Washington's "mad bomber" scare of 1961.

The two men, captured this month, had detonated two bombs in Washington and detonated a third as diversionary tactics for their bank-robbing campaign, the FBI said.

No one was injured in the explosion of bombs June 15 but a bank was robbed of more than \$18,000 on June 30, while the police department had its top men busy looking for a "mad bomber" after a third bomb was found in a downtown office building. All the bomb locations were only a few blocks from the White House.

The FBI said the third explosive device apparently had been placed in a position to assure its discovery and to draw police into that area and away from the bank.

In attributing the bombings to Wilcoxson and Nussbaum, the FBI confirmed a report published by the Washington Evening Star that evidence had been found linking the bombings and the bank robbery.

School Trustees Declare Vacancy

Bolinas-Stinson Union School District trustees Wednesday night declared a vacancy on the board due to trustee Ben Roark's having moved from Bolinas to Olema. Roark had been a trustee for about six months.

Persons interested in filling the vacancy may write to Arthur E. Carpenter, clerk of the board, Bolinas School, Bolinas, according to Carpenter. Interviews will be held after the 8 p.m. board meeting Dec. 12 at Bolinas School.

Trustees discussed the 1962-63 budget with relation to expenditures and found the budget in good shape, Carpenter said. The board will discuss methods of studying curriculum at its Nov. 28 meeting.

JFK Announces Tour Of Defenses

WASHINGTON (AP)—The White House announced today that President John F. Kennedy will make a fact finding tour of Air Force and Atomic Energy Commission sites on Dec. 7.

Kennedy will stop off at Offutt Air Force Base, headquarters of the Strategic Air Command, at Omaha, Neb., and then go to Los Alamos, N.M., to visit the AEC scientific laboratory there.

At Los Alamos, he will inspect work being done on Project Rover, which is developing a nuclear rocket for space exploration.

From Los Alamos, the schedule calls for Kennedy to go to Albuquerque, N.M., for the night.

In Albuquerque he will visit two plants engaged in secret defense work. These are the Sandia Corp. and the Nuclear Effects Research Laboratory.

White House press secretary Pierre Salinger, in announcing Kennedy's plans, said there was no significance in the timing.

Salinger said Kennedy merely wants to visit a number of space and military installations to obtain first hand reports and observe progress in government space and defense programs.

Marin Youth Is Studying In Europe For Second Time

For the second time in his young life, John Chambers, 20, of Kent Woodlands is studying abroad, this time at the Sorbonne in Paris.

In 1959-60 Chambers, son of Mr. and Mrs. J. V. Chambers of 7 Turnagain Road, studied at Liceo Classica Pariani in Milan, Italy, under the American Field Service program. He returned home to graduate as valedictorian of his Redwood High School class in 1960.

Next week he'll begin studying languages at the famed French university as a representative of Princeton University under a program sponsored by Sweet Briar College, Sweet Briar, Va., called "Junior Year in France." Chambers will study at the Sorbonne until next June.

Last week, reports his mother, John flew from Paris to Milan to visit the family with whom he lived three years ago

JOHN CHAMBERS
Going abroad again

young Chambers spent six weeks in Tours, France, where he lived with M. and Mme. Pierre Boille and their three daughters and spent an orientation period at the Institut de Touraine. Boille is an architect.

This period was to initiate Chambers and about 100 other American students to the French way of life.

In Paris Chambers is staying with a M. and Mme. de Boissard and their two sons. De Boissard is a marquise and a retired general.

Before leaving Tours for Paris young Chambers was elected president of this year's American group. Faculty in speaking French was a chief factor in his election. He is majoring in languages at Princeton.

While away from home Chambers kept his family informed by frequent letters.

Hospital Board Seeking Survey On Home Care Needs Of Patients

The Marin General Hospital Planning Committee Wednesday asked two consulting firms to submit costs they would charge for surveying rehabilitation and home care needs for patients in Marin.

If Arthur Little Co. of San Francisco and James A. Hamilton Co. of Minneapolis reply in time the figures will be considered at the Nov. 27 meeting of hospital directors, Administrator William W. Turner said.

Following the planning committee meeting at 4:30 p.m. the hospital operations committee met at 8 p.m. and approved an October progress payment of \$8,383.29 to architect Robert Stanton in connection with the current hospital construction.

The committee recommended awarding contracts to A. S. Aloe Co. for \$825 for tables and American Hospital Supply Corp. for \$765 for chairs for the new coffee shop.

'THIS MUST BE PLACE'

By BRUCE COLEMAN

If Brown's Hall in Mill Valley falls off its foundations tonight and tomorrow it will fit the moment. The reason will be: "This Must Be The Place (because there's someone in the hall)."

It's a great show with about three dozen lively people, original music by Josh Portugal and a great many laughs written by Homesteaders' Walt Lowden and Bern Healey. It's bright, fresh and full of clean and catchy ideas.

Not pokey, the Homestead Players' production seems to be infected with some special spirit which grows in that valley and finds itself reciprocated in hand-clapping audiences. It's something you want to take home.

Tight bites are taken in the 24 sketches which pan everything from Count Marco to Hertz Drive-It-Yourself, Kabl, Hallmark cards, foreign service officers, rummage sales and women frumps.

"Tomorrow the World" is extremely funny, a number

in which Morrie Batz, Volkswagen driver, takes Norman Conrad, Kay Stinchcomb and Sally King for a ride in Lederhosen and peasant skirts, shouting "Über alles, Mill Valley, today, tomorrow the world."

Another good take-off is a scene from Tennessee Williams: "Cat on a Hot Tin Roof." John Donhoff, also producer, is excellent as the mean, scratching, sou-thin' "Big Daddy." He also excels in the role of the tousle-haired old man in a "six gun" piece. Jane Healey is a very cat-like cat in "Tin Roof."

Dick Dawe, show director,

plays a beautiful act called "Cigarette?" with Andra Enscoe, which is one of but two acts not written by the able Lowden-Healey team. Miss Enscoe, a natural comedienne, is versatile, switching from a chorus girl to the sleek sophisticate in "Cigarette" to a dowdy dame in "Rummage."

A very fresh act is "I Fell In Love With the Muni Man of the Month" with the in love Cathy Radke, plus bus riders Margaret Kelly, Kathy Robinson and Conrad.

Relief is provided from comedy by romantic singers Dale Corliss and Miss Enscoe.

Twelve fifth graders from Homestead School charm the audience in a Pied Piper act with Roy Knechtle.

Bill Luthi is stage manager; Judy Modell, choreographer; Alan Burdick, song arranger; Nick Pendleton, muralist and animationist Milt Kerr did two very imaginative films, "Yipes Stripes?" and "Moonlight Cock-tail."

The show is like a good French dinner — when over, you want more. Here's to the on and back-stagers. Good work: Curtain time is 8:30 p.m.; the place, box-like Brown's Hall, once a grocery. You'll find someone in the hall.

Resistable Force Vs. Moveable Object In L.A. Coliseum Sunday

This is the week of decision in the National Football League. On Sunday, in Los Angeles, the Rams will host the San Francisco 49ers in a game that should decide once and for all whether or not a shaken-up team can beat a shoo-up team. This one is for laughs and a prime shot at the cellar spot.

On Turkey Day next week, the traditional between the Green Bay Packers and the Detroit Lions should decide whether or not the Packers will be the first undefeated champion in decades.

The Packer-Lion go is being billed as the irresistible force meeting the immovable object. In the Coliseum we have ALMOST the same thing. The resistable force and the moveable object.

Don't look now, but another 49er just went thataway. For a matter of 20 to 30 dollars a pound, erstwhile 49er center Frank Morze has refused to sign a contract that cut his salary if he came in over 270 pounds. The Cleveland Browns don't seem to mind fat boys, and grabbed up Morze. All three hundred pounds of him.

JUST LAST Sunday, Dan McGuire, the 49er publicist, told me, "Morze may not be reactivated this year. He can hardly walk." Frank's four-day recovery was remarkable. He didn't WALK, he RAN to the nearest fountain pen, and says he will be in uniform today.

About Morze, you will read and hear some dandy sour-grape stories. Also some featuring sweetness and light. In truth, it looks like another rat has deserted the sinking ship.

SINCE COACH Red Hickey took over the reins four years ago, quite a few fair country ball players have gone thataway. Some by choice, some by request, some to stock the new clubs. In all there are just 12

Tam Runners Win Title In Marin League

Tamalpais High School sent its Marin Athletic League champion cross country team to Palo Alto today to compete in the North Coast Sectional cross country meet which was to be held today on the Stanford Golf Course.

The Tam Indian runners won the MCAL championship meet Wednesday which was held on the Mill Valley Golf Course. Tam scored 26 points to take first place. Other finishing teams in order, were Redwood, 44; Novato, 74; and Terra Linda, 92.

Keith Krieger of Tam won the event with a time of 10:46, a new course record and the first time the course had been run under 11 minutes.

The next four places went to Randy Keller of Redwood, second, 11:18; Jim Lopes of Tam, third, 11:31; Carl Jensen of Novato, fourth, 11:36; and Sigurd Hope of Tam, fifth, 11:39.

Mrs. Cann Wins At Meadow Club

Mrs. John Cann shot an 82 to take low gross honors at Meadow Club yesterday during guest day action for the club. Results were:

Class A—Mrs. R. E. Bell, 89-15-74; Mrs. Norman Green, 89-16-74; Mrs. Harry Hensler, 89-16-75; Mrs. Edward Vest, 91-16-75.

Class B—Mrs. H. C. Transue, 91-17-74; Mrs. W. L. Calhoun, Orinda, 93-17-76; Mrs. T. N. Brown, 95-17-78.

Class C—Mrs. C. W. Morrill, 97-22-75; Mrs. E. M. Brown, 99-22-77; Mrs. Ray Luce, 98-21-77.

San Rafael Footballer Honored By Newspaper

Gary Carlson of San Rafael, a senior halfback on the St. Mary's High School grid team of Berkeley, was chosen the outstanding player of the week in Berkeley for his game last Saturday against St. Francis High of Mountain View. The selection was made by the Berkeley Gazette.

men left of the 36 Hickey inherited.

By the numbers, these hold-overs are Brodie, Smith, Woodson, Ridlon, Rubke, Hazeltine, Connolly, Nomellini, Thomas, St. Clair, Mertens and Conner.

Bob St. Clair and Nomo are just about over the hill. Rubke, Ridlon and Conolly are at present second-stringers, along with part time duty from seven-year vet Clyde Conner. J. D. Smith is top fullback only because Hickey has none better. That leaves Abe Woodson, Matt Hazeltine, and possibly John Brodie as "stars." And Hazeltine almost retired two years ago with his belly full.

GONE BUT not forgotten are the likes of Joe Perry, Y. A. Tittle, R. C. Owens, Dee Mackey, Fred Dugan, Bob Toneff, Ed Henke, Hugh McElhenny, Lenny Lyles, Bob Harrison, Gordon Kelley, Marv Matusak, Clancy Osborne and even old "Cuicide Squad" Hank Schmidt. You can name others.

And there are some ghosts standing up to be counted. These are some good rookies who quit or joined the rival AFL because of actual or rumored unhappy conditions on the 49ers.

The big point is that the departed players brought in exchange some questionable draft choices and long gone Lou Cordileone and present scat-back Bobby Gaiters. This was "re-building."

One of these days some 49er or ex-49er is going to talk for publication instead of off the record. And some ears will burn.

Novato To Meet Strong Tam Tomorrow

The Hornets of Novato High School will try to snap the undefeated, untied, unscored-upon streak carried by the Indians of Tamalpais High when the two teams meet in the top grid battle of the week tomorrow at 2 p.m. in Novato.

A bundle will be at stake in this Marin Athletic League game. Novato needs a win to stay alive in the three-team race for the football crown, and Tam must win to keep pace

with the Redwood Giants. Tam and Redwood have 4-0 records and Novato has a 3-1 league mark.

Tam, while racking up 74 points in its four league victories, has not allowed a single point to be scored upon it. Although trailing Redwood and Novato in total defensive yards with an average allowance of 122 yards per game, the Tam gridders get tough inside their own 20-yard line.

Because of the two week rest (Tam drew a bye last week), the Indians' head coach, Pete Bel-den, reported his crew is at full strength and is expecting his toughest game of the season.

He said quick-running half-back Richard Hamilton will see some offense tomorrow, spelling halfbacks Warren Domino and Tracy Oldham. Substituting for Domino is some chore, as the hard-running halfback leads the league in rushing

with 397 yards in 48 carries and leads in scoring with 27 points. He has averaged 8.3 yards per carry.

Also returning to the Tam lineup will be Fred Mack, a starting tackle who was injured earlier this season.

For Novato, the gridders will feature a strong defense that has allowed an average of 120 yards per game, and a quartet of backfield men who can all pass.

Novato center Jim Dennett will be out the remainder of the season with an injury and his spot in the lineup will be taken by Tim Gabbard. Middle guard Wayne Russell is another doubtful player, but he will be suited up.

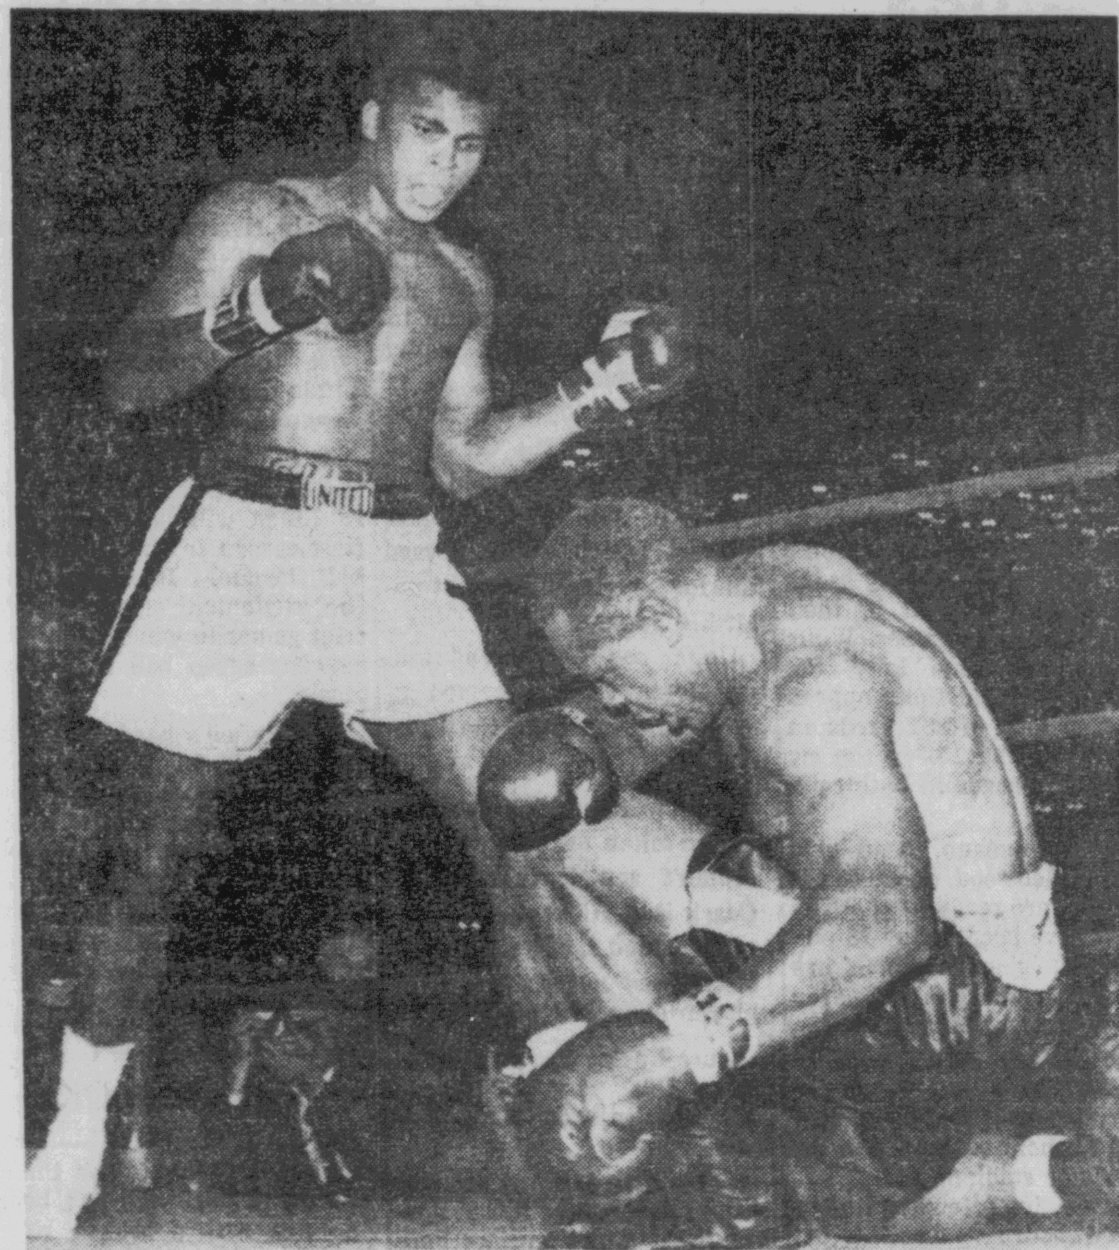

The starting offensive lineup for Tam:

Le, Frank Shippey; lt, Fred Mack; lg, Dale Johnson; c, Steve Long; rg, Donn Johnson;

rt, Bob Washington; re, Art Foster; qb, Bill Gillingham, lhb, Tracy Oldham; rlb, Warren Domino; wb, Ev White.

The starting offensive lineup for Novato:

Le, Kris Kristofors; lt, Dan Walton; lg, Don Pedrazzini; c, Tim Gabbard; rg, Dave Paul; rt, Bill Dougherty; re, Ron Heidinger; qb, Roy Otis; lhb, John Miller; rlb, Rick Thomas; wb, Nick Willard

END OF THE LINE—Down on one knee Archie Moore reaches the end of his gallant ring career in Los Angeles as young Cassius Clay stands over him, winner by a technical

knockout in the fourth round of a scheduled 12-round fight. Moore went down three times before the referee, Tommy Hart, ended the fight.

(AP Wirephoto)

Clay Crown Prince Of Ring After Stopping Game Moore

LOS ANGELES (AP)—Cassius Marcellus Clay, the Louisville Lip who calls the round for a knockout and makes it come true, most assuredly must be the crown prince of the heavy-weight division in boxing today.

Twenty-year-old Cassius established himself as the heir apparent to the heavyweight throne last night when in four rounds—the exact round he had predicted—he knocked out a game, a gallant and a quite old and outclassed Archie Moore.

Clay is unbeaten now in 16 straight fights as a professional and, there is hardly anyone left in the depleted heavyweight section to fight except the champion himself, Sonny Liston.

But even William Faversham—Clay's chief manager, or the man most prominent in the syndicate of influential Louisville businessmen who own him—conceded they are in no hurry to tangle with the ominous Sonny.

And Moore's future?

ARCH IN TEARS

Tears were in old Archie's eyes when he confronted newsmen in the dressing room after the fight. Was he through? Was this the end?

"I don't know. It might just be," said the oldest man in boxing, who will never see birthday No. 45 again.

There was a question for Ar-

Independent Journal Sports

chie. "Did the sun go down tonight?"

"Maybe no, but it was covered by a cloud. It might blow away, the cloud might," said Archie.

Archie, sitting on a rubbing table in his dressing room at the sports arena, thought awhile longer.

There was a glove bruise around the forehead above the left eye. Otherwise he was unmarked.

"Every morning brings a new ray of sun shine, a new ray of hope," he finally observed. "I've had cloudy nights before."

Clay started the old man out in the third round as a turn-away crowd of some 16,200, plus a national closed theater circuit audience, watched.

Clay had Archie groggy and backed onto the ropes near Clay's corner.

Archie managed to last the round. But when the bell brought on the fourth—Clay's much publicized timetable for the end—it was evident that Archie was near the end of his

astounding string of years in the ring.

Perhaps it was a left hook that started the final downfall. Referee Tommy Hart later said there was no one punch, just a lot of them that smashed through Archie's tired, weakened defense.

Archie went down three times. The first two went for counts of eight. The first time left Archie almost standing on his head as he tried to regain his feet.

The second time Archie took the count on the seat of his pants, his left leg bent at the knee.

On the final trip down, the count had reached four. But the referee was paying no attention. He had already moved in to stop the match.

LISTON SPEAKS

A ringside witness was an unemotional Liston, who traded needed barbs with Clay in a post-fight party staged by the co-promoters, Cal Eaton and George Parnassus, at a downtown hotel ballroom.

Liston was asked how long Clay would last against him. The big fellow thought awhile before answering.

"I didn't think he'd last long," he said. After another pause, Sonny turned toward Cassius at the same head table and advised, "I'm not just talkin', I mean it, Clay."

Tars Go For Title Tonight

A tie for first place in the Golden Valley Conference is at stake tonight when the College of Marin Tars meet the undefeated Santa Rosa J.C. Bear Cubs in the season finale at Bailey Field in Santa Rosa. Game time is set for 8 o'clock.

The two teams, traditional rivals since the late 1920s, are taking up the cudgels again for the first time since 1950. It was after 1950 that Santa Rosa joined up with the Big Eight Conference.

The Mariners were dropped from a first place tie with the Bear Cubs after losing their first game of the season to Shasta College last Saturday. The loss leaves Marin in a tie for second with Shasta, each team owning a 3-1 record. Santa Rosa is 4-0 in league play.

POSSIBLE TIE
A Tar victory would create a two and possibly three-way tie for the top spot. On the other hand, a Marin loss combined with a Shasta victory would place the Tars in third place. The machinations of the

league race are such that Marin could finish anywhere from first to third after tonight's game.

"It will take a 100 per cent effort to beat Santa Rosa," said head coach Dick Read, a Santa Rosa alumnus himself. "The team that wants victory most will win it," said Read, who calls the Bear Cubs the traditional team to beat.

TV PREP OF WEEK

John Miller (right), Novato Hornet halfback, displays the KGO-TV "TV Prep Player of the Week" award presented to him yesterday by officials of KGO-TV as Novato High School head coach Marlin Olsen watches approvingly. The 16-year-old straight "A" student was chosen the outstanding player in the Novato 6-0 victory over Drake High School last Friday. The game was shown on Channel 7's "High School Football" series last Saturday. Miller was named for the award because of his outstanding defensive play.

Bentley, 2 Others Released By Seals

SAN FRANCISCO (UPI)—Veteran goal tender Bev Bentley and two other players were released by the San Francisco Seals yesterday in a shakeup of the Western Hockey League club.

Bentley, whose spot in the nets has been taken by rookie Jim McLeod, was sent to Philadelphia of the eastern amateur league, and wingman Bob Bailey was assigned to Charlotte, N.C., of the same loop.

John Annable, acquired from Montreal on a trial basis, was returned to the Canadians. Seal coach Bud Poile said defenseman Tom Thurlby would take over as permanent left wing.

Prognostications, we carry a record of 83 right predictions against 25 wrong and hereby set out to improve on that .769 batting average.

To start out with the high school race, we have to string along with the undefeated Tamalpais Indians to eliminate defending champion Novato from the Marin League title race by, say, 13 points. As Redwood should beat Marin Catholic by 19 tonight, that makes the Thanksgiving Day Tam-Redwood battle the championship game of the year. Don't miss it.

In the other game, San Rafael over Terra Linda by 1.

COLLEGES—USC over Navy by 22; Kansas over Cal by 8; Stanford over San Jose State by 14; Washington over UCLA by 7; Fresno State over Pacific by 2; Oregon over Ohio State by 1; Oregon State over Colorado State by 17; Washington State over Idaho by 21.

PROS—Rams over 49ers by 7; Buffalo Bills over Oakland Raiders by 7.

Top Ranked USC To Clash With Navy

By U.P. INTERNATIONAL

Stand by for a ram!

Navy and top-ranked Southern California are scheduled to come along side in a gridiron battle tomorrow following an exchange of barages between the team's coaches.

Wayne Hardin of the Middies has charged that Southern California is getting away with illegal shifts. John McKay of the undefeated Trojans, a 16-point choice to torpedo the

Navy, has countered that he was "shocked" by Hardin's allegations.

And Trojan boosters didn't waste any time recalling that Navy defeated Pitt this year on a sleeper play whereby a player "limped" toward the sidelines then raced downfield to catch a game-winning pass.

Two other intersectionals are scheduled for West Coast teams, presumably on a more peaceable note. These feature groggy Cali-

fornia at Kansas and bowl-conscious Oregon at Ohio State.

UCLA is at Washington for a Big Six clash in which the Huskies will battle to keep their fading Rose Bowl hopes alive.

Two coaches on the ragged edge will face each other across the field when Stanford hosts San Jose State. Homespun Jack Curtice of Stanford (3-5) has just about run out of jokes and the personable Bob Titchenal of San Jose State (1-7-1) also

may be gone after this season.

Washington State at Idaho, Colorado State at Oregon State and the University of the Pacific at Fresno State fill out the coast's principal pigskin fare.

Before the Navy's Hardin teed off on Southern Cal, McKay had said that the Middies were "capable of beating anyone in the country." What they do now against an aroused Trojan team that features great

passing and running remains to be seen.

California brings a 1-7 record to Kansas (5-3) where the Jayhawk line was hanged in effigy after last week's 40-16 trouncing by Nebraska. Kansas is a 12-point favorite while Ohio State is listed as a two-point choice over Oregon. The Ducks are 6-1-1 in a schedule that Coach Len Casanova pronounced his "most challenging" before the season began.

Coach Bill Barnes of UCLA "returned to fundamentals" after being upset by the Air Force last week. Washington is a 12-point choice to drop UCLA's season record to 3-4.

Stanford is a comfortable favorite over San Jose State but the Spartans pulled the rug under UOP this season and have a dangerous passing combination, Rand Carter to Dave Johnson, that could puzzle the Indian defenses.

Redwood Battles Wildcats Tonight

Redwood High School will try to keep its undefeated record alive and Marin Catholic will be pushing for its first victory of the Marin Athletic League when the two teams battle tonight at 8 o'clock in College of Marin stadium.

It will be Marin Catholic's last chance to escape from a league record of no wins. The Wildcats, 0-5, will play their last grid game of the season.

The Giants of Redwood are the top team in the league in defense and are currently tied for the loop lead with Tamalpais. Both have 4-0 records in league competition.

The Giants should just be too much for the Wildcats, especially since star halfback Wally Lourdeaux will be out of the game because of a cracked bone in his shoulder. But that is just one of many key injuries on the Wildcat roster.

Also out because of injuries are guard John Hassett with a shoulder separation and full-

back Lou Ercolini with a knee injury. Lourdeaux's vacated spot will be taken by John Winters. Halfback Chuck Hardeman suffered a slight injury last week but should be ready to go.

Head Marin Catholic coach, Doug Damaschino, figures if his chargers score two touchdowns they may pull an upset.

Two touchdowns against the rugged Redwood defense would be exactly twice as many as the Giants have allowed in their first four league games. While allowing only one tally the Giants have held their opposition to a total of 237 yards on the ground and 151 in the air to lead the league in both categories.

Bob Troppmann, head grid coach at Redwood, declared his gridders "are ready to go." The Giants have been trying to polish up their game which has seen them penalized 100 yards in each of their last two games.

The varsity battle will be preceded by a junior varsity game between Redwood and Marin Catholic at 5:45 p.m. in the college stadium.

Giants Giving \$\$ To Sandlotters

The San Francisco Giants announced yesterday they are distributing \$56,100.57 to 14 San Francisco Bay Area sandlot baseball boys.

The money, from the Giants' sandlot fund, came from receipts from a game played against the Yankees at New York two years ago. A return game has been slated for San Francisco, but none has been scheduled since the expansion of the National League took all available playing dates.

The starting offensive lineup for Redwood:

Le, Doug Houston; lt, Larry Koontz; lg, Paul Leslie; c, Fred Bunker; rg, Phil Weil; rt, Bob Anderson; re, Joel Tobiason; qb, Jim Troppmann; lhb, Dave Auerbach; fb, Steve Solinsky; wb, Jerry Rumsey.

The starting offensive lineup for Marin Catholic:

Le, Ed Ghiringhelli; lt, Joe Hebel; lg, John La Blotyeaux; c, Hank Ryan; rg, Joe Crotty; rt, Len Blessenbach; re, John Drews; qb, Bob Carney; lhb, John Winters; rhb, Chuck Hardeman; fb, Dan Abbalo.

49ers Not Shaken Up By Morze

REDWOOD CITY (UPI)—The San Francisco 49ers did not seem especially shaken up today over the loss of center Frank Morze.

Morze quit the team yesterday and joined the Cleveland Browns. Morze objected to a clause in his proposed 49er contract which would reward him for keeping his weight under 270 pounds.

Unlike the R. C. Owens case, the Morze affairs seemed to bring little ire from the Pros-pectors.

"He wanted the weight clause taken out and we just couldn't see it that way," Coach Red Hickey said. The coach added that he felt that Morze was not an effective player over 270 pounds.

Bruce Bosley has filled in at center this year for Morze, who was injured until this week.

Hickey also said the changes in the Los Angeles Rams' lineup against San Francisco Sunday would not have much effect on 49er strategy.

The 49er coach did concede that John Arnett might be effective at spread end since he would be tough to haul down if he caught a pass in the open.

Russ Hockeymen Win

OTTAWA (AP)—Russia's national hockey team opened its nine-game tour of Canada on an impressive note last night, scoring a 7-3 victory over the Ottawa Senior Montagnards.

Bulldogs, Terra Linda Start New Grid Rivalry Tomorrow

The start of an expected yearly rivalry will take place tomorrow at 2 p.m. on the San Rafael High School football field when the Bulldogs host the Trojans of Terra Linda High in a Marin Athletic League battle.

It will be the first grid meeting of the two schools, as Terra Linda will be finishing its first season in the Marin football league. It should have the excitement of all intra-district games in which both head coaches agree will be a close tussle.

San Rafael's head coach Bob Muster said his Bulldogs will be "as strong as we will ever be" when the two teams meet. Muster indicated his chargers will probably take to the air more than in the past, noting again that the Bulldog passing attack, which averaged about 100 yards per game in pre-league tilts, has fallen

down in the league.

The Bulldogs, who will not have any offensive lineup changes from last week, worked this week on pass defense in hopes of stopping the aerial bombs of the league's leading passer, Dick Schultz of Terra Linda.

Pete Limm, head grid mentor at Terra Linda, put his chargers to work this week on polishing up the team's offense and defense. He pointed out that Ray Miller has shaken off an injury and will be back to help Jack Edwards at the full-back spot.

"We'll be healthy for this game," Limm declared. The Terra Linda attack will be

paced by the throwing of Schultz and the running and pass receiving of halfback Jerry Daniele.

San Rafael's ground game will be headed by halfback Mike Shafer, the second-leading ground gainer in the league with 341 yards.

The starting offensive lineup for San Rafael:

Le, Bill Henry; lt, Mike Elliott; lg, Bob Stock; c, Pat Haven; rg, Louis Pharms; rt, Doug Childress; re, Bruce Howard; qb, Tom Zurnino; lhb, Mike Shafer; rhb, John O'Donnell; wb, Jerry Sheets.

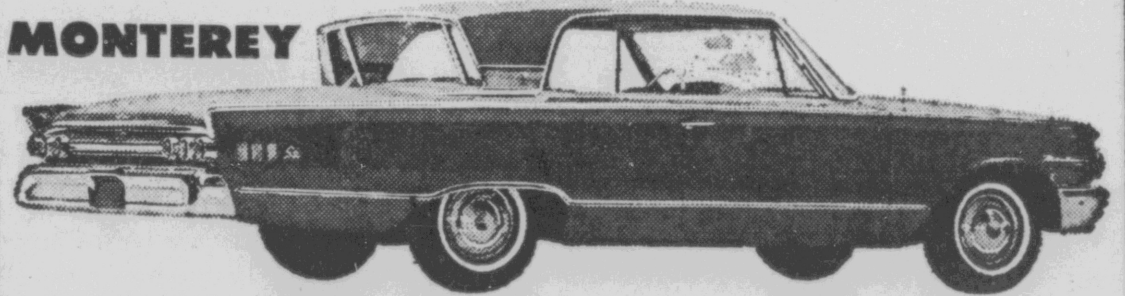

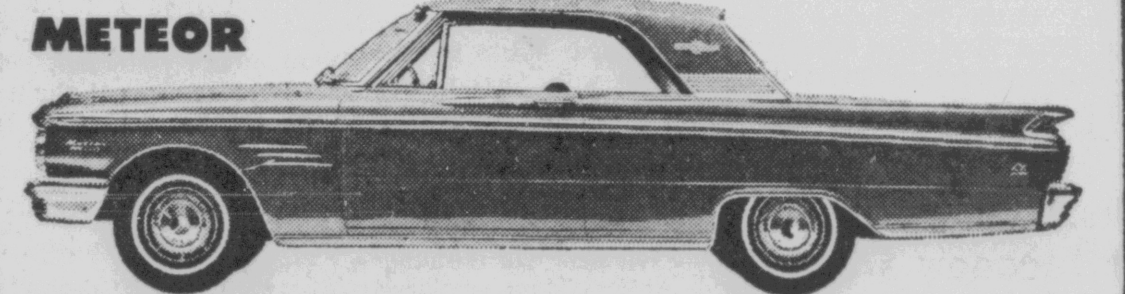

The starting offensive lineup for Terra Linda:

Le, Bob Cooney; lt, Dave Muelrath; lg, Lou Cortez; c, Mike Gordon; rg, Stan Pareto; rt, John Dorchak; re, Ed Connell; qb, Dick Schultz; lb, Jerry Daniele; fb, Jack Edwards; wb, Dave Dohn.

Fantastic Fishing At Inverness; Even Youngsters Catch Whoppers

In these days of bountiful bass and windless weather, it is hard to recommend any one particular locale to my readers. You can poke a pin in just about any section of the bay and Delta regions and fishing will be good in that spot. However, a phone call last night gave me an idea. The party calling remarked that she and her husband and son were so much interested in visiting a place where the chances were at least

STEVENS

The first place I suggested (they have their own rowboat and trailer) was for them to drive to Inverness, in beautiful Marin County, launch their boat at the Golden Hinde place and just revel in wonderful scenery, quiet water and some almost fantastic fishing.

FANTASTIC? YES, that is an apt description of what has happened in that section of Tomales Bay. The genial operator of the Golden Hinde called me Tuesday to do some mild raving over the unusual run of strippers out of his place.

It seems that even the youngsters have connected. aged five, hooked, played and actually landed all by himself a 23-pound striper. The Matthews twins, Scott and Rusty, aged four years, brought the total catch to six bass and two flounders; Lee Richardson, aged eight, landed his limit to 12 pounds; Fred Joslin, about 10 years old, took fish, along with his dad, Douglas, to 11½ pounds; David Landaur took and 8 had a 12-pounder in the early morning; George and Walter Matthews of Novato limited from 3 to 15 pounds; Warren Verrea landed a 22-pounder and Ronald Straight of Inverness and S.F. had his limit to 21 pounds. Hamilton Rod-Gun Turkey Shoot Scheduled Sunday

Hamilton Rod and Gun Club will hold its annual turkey shoot Sunday, 10 a.m., at the club's range at Hamilton Air Force Base, it was announced today.

The public is invited to compete for prize turkeys in competition at skeet, trap, wing trap and quail hunt shooting as well as chances for luck on a single target.

The club's regular monthly business meeting will be held Monday at 8 p.m. at the Hamilton clubhouse, said Col. Pearl Roundy (USAF, Ret.), president.

perfect day for Straight, he had invited his friend, Judge Craven, and the Judge's son, Barry, up for the weekend. The good judge landed a 21 and a 25-pound bass; Son Barry had and 18 and a 20-pounder. So the Cravens, of Reno, Nevada, took home 84 pounds of fine fish food. Fantastic? You bet!

I IMAGINE most or all of the rental skiffs at the Golden Hinde are reserved for the weekend, but you can call Douglas Campbell and check, or bring your own boat and trailer and launch it at the Golden Hinde.

THE SECOND place that combines scenery of a far different sort, where your chances of bass on bait and fancy flounders are good, is Dillon's Point on the Carquinez Strait. Here you can camp over night if you wish (and have warm covers), watch the sun come up over the Sugar Refinery in the morning, or watch the ships passing as dusk falls. You can imagine you are in some foreign country—perhaps on the shore of the Nile in Africa, far away from the noise and bustle of the city. You can have your campfire and your barbecue and be met by the most genial of hostesses, Mrs. Lew Lagrone. No boats at Dillon's; it's all shore fishing or from a short pier.

I REPEAT, you can find angling action in hundreds of spots in the bay and Delta regions at present. I just mentioned two places that are a bit different. Good-bye, good luck and go get 'em!

288 Game Recorded In League At Nave Lanes

Keith Morris, a retired Air Force major, bowled a 288 game—the second such score since 1946 in league play—Wednesday night at Nave Lanes.

Morris, who lives at 588 Calle De La Mesa, Novato, rolled the big game during action in the Marin Masters League. It was the second 288 game in league play rolled within 15 days. On Oct. 30, Vivian Gray rolled a 288 during league action at Greenbrae Lanes.

Morris started off the big game with a spare, then followed with 10 straight strikes, and ended the last extra shot

with eight pins, giving him the 288 game. Morris started the night off with a 156 game, then rolled the 283, and ended with a 200 for an impressive 644 series. He is presently carrying a 186 average in league competition.

In 1946, a 298 was rolled during league play at the old San Anselmo Lanes. The 288 games were the highest in league play since then.

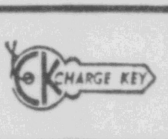

Illinois has had 13 All-Events champions in the Woman's International Bowling Congress. Ohio ranks second with nine.

Big Vallejo Yacht Races Discontinued

By ALFRED MATSON

Long the biggest regatta in the matter of numbers, the annual Vallejo Race will be discontinued, according to the representative of that club as an aftermath to the decision of the Yacht Racing Assn. committee to eliminate the race as a championship event.

In other words, the contestants will not accrue any seasonal points for participation. Always the opening fixture on the racing scene, the race attracts upwards of 500 boats and, heretofore, the lucky winners amassed such point totals that the less fortunate starters faced a terrific handicap at the very onset of the season.

The problem, long a sore spot to the more astute sailors, was the big item on the agenda of the YRA meeting Monday at the St. Francis Yacht Club. The vote was decisive, 49-13, to eliminate the point factor. Art Krause, the Vallejo Yacht Club representative, notified the assemblage that, in view of their decision, the race would no longer be scheduled by his club. The 1963 season is a long way off, they may reconsider or, as it brings a significant amount of money into Vallejo, possibly the Chamber of Com-

merce might underwrite the event.

TWO VETERAN yachtsmen will re-enter the racing picture next year with look-alike yawls of impressive stature. The boats are of the 45-foot Seafarer class and arrived recently aboard a freighter from the Seafarer deVries Lentsch boatyard in Holland. Designed by Sparkman and Stephens, these fibre-glass yawls were purchased by James Flood, San Francisco, and Hugh Jacks, Ross, and the sales were consummated through the Sheldon Yacht Sales of San Rafael.

THE SECOND ANNUAL Los Angeles-Mazatlan race starts at 12 noon tomorrow and a fleet of 25 boats will heed the starter's gun for this 1,000-mile contest. Local hopes ride on the decks of the following: Fuller Calloway's 98-foot yawl Morning Star, St. Francis Y.C.; Ron MacAnnan's M-class Sirius, San Francisco Y.C.; Wallace Nickell's 56-foot Santana, Corinthian Y.C., and the Farallone Clipper, Circe, Lou Riggs, San Francisco Y.C.

Billy Moran, Albie Pearson, Lee Thomas and Leon Wagner played 160 games for the Los Angeles Angels last season.

Tiny Nation In Europe Heart Not Worried About World

Liechtenstein Survived All Of The Turmoil

By LOYAL GOULD

VADUZ, Liechtenstein (AP) — There's no railroad station in this capital of the principality of Liechtenstein. International trains pass through the country but don't stop. Liechtenstein has no daily newspapers, no airports, no customs officials, no army.

With 17,125 residents, Liechtenstein is a cozy country that has survived the wars and turmoil that have swept Europe for centuries.

"Things are going topsy-turvy most everywhere else," says farmer Frederick Ospelt, "but we hope to go on living pretty much as we have in the past without too much worry about the outside world."

The Liechtensteins have not developed tourist attractions.

"You're welcome to come here," said farmer Gunther Vogeli, "but we don't go out of our way to get you here."

Liechtenstein lies in the center of Europe. Covering 62 square miles, it stretches 17 miles north to south and about 7 miles east to west at its widest point.

The Austrian princes of Liechtenstein bought the territory from two other bankrupt noblemen and founded the state in 1713.

Switzerland and Austria are immediate neighbors.

The Swiss supply border guards, diplomatic representation abroad, and use of their currency. From the Austrians come the lion's share of the legal system plus rich pastries and meat dishes swimming in cream sauces.

Most of their German-speaking Swiss neighbors are Protestants, but the Liechtensteins, like the Austrians, are largely Roman Catholics.

"Our heads are with the

FRANZ JOSEPH II
Prince rules Liechtenstein

Swiss but our hearts with the Austrians," says Mrs. Joseph Rheinberger, 80, a farmer's wife.

Every village is a picture of compromise—Swiss cleanliness on the outside but an atmosphere of relaxed Austrian comfort inside.

The ruling monarch is Franz Joseph II. A shy, retiring man of 56, the prince lives in a castle atop a hill on the outskirts of Vaduz. He owns the castle and the surrounding acre or so of land, plus vineyards.

His rights are limited. Liechtenstein's 15-member Parliament, which his grandfather set up in 1921, sees to that. Aside from opening and closing Parliament, signing measures approved by Parliament and approving the lawmakers' choice of prime minister, he grants amnesties and bestows titles on deserving subjects.

The prince controls a large share of the wine industry, which produces red and white vaders. Little of it is left to send abroad after Liechtenstein consumers buy theirs—at \$2.50 a bottle.

The income the prince derives from industrial and farm holdings in Western Europe is substantial but not enough to let him live extravagantly.

The prince receives not a

penny of government funds and pays no taxes, but his subjects look to him in times of need. When a widow's barn burned down and her cows were lost, the prince's family supplied money for a new barn and a new herd of cows. After the last war when the treasury was short, the prince's family helped pay for new roads.

The Swiss let Liechtenstein turn out stamps despite its incorporation with the Swiss postal system. The sale of limited editions to collectors provides a tidy income — exactly how much is a secret.

Liechtenstein's specialty is the registration of foreign companies whose directors need not reside in this country of reasonable taxes. No list of these is ever published, discretion being part of the service offered. Government officials say 5,000-6,000 such firms are signed up here for an annual fee of \$100-150 each.

"These fees help build our roads and schools and keep work going in government house," said Oswald Keller, a storekeeper.

Government house is the three-story capital. The 12-man police force and the Interior Ministry occupy the ground floor. The infrequently used jail is in the basement.

The Finance Ministry and the Treasury are in Room 26. On either side are the agricultural ministry and the office of Prime Minister Gerard Batliner. The Supreme Court takes up Room 35 with Parliament in Room 39.

Batliner, one of three full-time government ministers, is a member of the country's largest party, the Citizens Party. The other party, the Union, is likewise Roman Catholic and conservative.

Before the last war, 80 per cent of the Liechtensteins lived from farming. Only 12 per cent do today.

The others have gone to work in new metal plants and in factories making false teeth and artificial sausage skins.

ity of Liechtenstein in the center of Europe. In the background is Vaduz city hall. (AP Wirephoto)

Larkspur Firemen Presented Sofas

In appreciation of 30 years help in raising funds, the Kentfield Volunteer Firemen's Assn. Wednesday presented three new white leatherette sofas and an overstuffed chair to the Larkspur Volunteer Firemen's Assn. for clubroom use.

Eighteen Kentfield volunteers made the presentation after the Larkspur association elected these new officers:

William Lellis, president, succeeding Dale Eubanks; Warren Mistrion, first vice president, for a second term; Theodore Lorentzen, second vice president, succeeding Lellis; James Albin, secretary, succeeding Richard Benz; and Mert Bain, treasurer, a post he has held for 25 years.

Elected to the board were: Dan Denton, Frank Evansco, Police Chief Howard Clark, Ed Peterson and Joseph Monistier.

Drake Students Plan Car Wash Tomorrow

The sophomore class of Sir Francis Drake High School is sponsoring a fund-raising car wash tomorrow at Smilin' Ed Wood's Station at Butterfield Road and Sir Francis Drake Boulevard in San Anselmo.

Cars may be brought to the station between 9 a.m. and 4 p.m. The money will be used for various projects planned by the class.

San Francisco is 12th city in population among U.S. cities.

James Roosevelt Due In Marin

Congressman James Roosevelt of Los Angeles will speak in Marin tomorrow at the Second Annual Israel Bond Dinner at Congregation Rodef Shalom Temple, 170 North San Pedro Road, Santa Venetia.

At the congressman's request, the dinner will be a memorial tribute to his mother, the late Eleanor Roosevelt.

The dinner meeting, open to all interested, will begin at 7 p.m.

In addition to the congress-

man's talk and the memorial tribute, there will be professional entertainment featuring Jewish music.

Northgate To Entertain

Pink and gold will be used in the decor for the cocktail party and fashion show for members and guests of the Northgate Group of the Marin Art and Garden Center on Nov. 30 at the Meadow Club.

Mrs. LeRoy Page, Northgate president, has named Mrs. I. J. Ely of Greenbrae as chairman of this annual holiday party which culminates a year of activities and achievement for the group.

COMMITTEE members are Mesdames Melvin Duncan of San Anselmo, decorations; William J. Cassidy of Ross, awards; Paul McArdle of Fairfax, reservations; Harding McPhun of Greenbrae, models and fashion show; Fisher Kinslow of Kentfield, invitations; John McGee of San Anselmo, house, and Jay Hale of Larkspur, publicity.

Following the cocktail party which starts at 6:30 p.m., fashions by European and American designers will be modeled by Mesdames Henry Skinner, Les Vogel Jr., Arthur Dettner Jr., Samuel Crowell, Edgar T. Lindner, John Willcutt, William Donohue, William Brantman,

Clarence O. Amonette Jr., Ian Tucker, William G. Morrissey III, Rudy Lang, Albert Domerque, E. J. Walters and Harding McPhun.

ANDREW SWEDLAND of Greenbrae will introduce the models and describe the gowns. Walter Baird of San Rafael will be at the piano.

A 10-foot pink Christmas tree strung with golden bau-

bles, pink and gold holiday wreaths and tall tapers in golden candelabra will decorate the clubrooms. On the decorations committee with Mrs. Duncan are Mesdames Winston Jones, John Dowling, Radford Hall, Dan J. Sweeney and A. E. Wilson.

Mrs. H. Gordon Beesley at the Marin Art and Garden Center is reservations chairman for the cocktail party.

Juvenile Hall Unit To Assist With Tour

The Marin County Juvenile Hall Auxiliary will sponsor a general orientation conference Tuesday to acquaint the professional religious community and other with the services of the Probation Department's facility in Lucas Valley. The conference is scheduled from 10 to 11:30 a.m. at the hall, when David Fogel, superintendent will conduct the tour.

Hostesses will be members of the Auxiliary. Committee members for the day will be Mesdames Blanche Redmond of San Rafael, Paul Guttman of Sausalito, and Robert Walker of San Rafael. Mrs. Roy Michael of San Rafael is president and Mrs. G. W. Gasperoni of Novato is membership chairman.

The Auxiliary is currently working on Christmas holiday plans for the Hall.

Italian Dinner Dance To Be Meadow Club Event Saturday

By FLORENCE DONNELLY

The Italian dinner dance tomorrow night to be given by the Meadow Club will be a glamorous event. The famous Bagnasco and his Scacciapensieri, Italian entertainers, will wander through the clubhouse, playing and singing during the cocktail hour and dinner. Talented Sarah Figone, whose husband Fred, is president of the Meadow Club, is assisting with arrangements. Dr. and Mrs. C. R. Bricca are general chairmen.

Menu and decorations are also carrying out the Italian theme. On back of the colorful invitations is a salute to the Meadow Club's Italian members, Signore and Signora Alioto, Arata, Barsocchini, Belli, Brocato, Cecchetti Cheda, De Carle, Dell'Osso, De Maria, Di Grazia, Ferrari, Figone, Finocchio, Franchini, Garbarani, Garita, Ghiotti, Ingrassia, Minutoli, Molinari, Morena, Moretti, Ostaggi, Paganini, Paganucci, Petri, Quilici, Regalia, Richeda, Sciaroni, Sousa, Schinazi, Tognoli, Viao, Dr. and Mrs. James Morena, Dr. and Mrs. Bricca and Dr. and Mrs. John Zolezzi. The Zolezzis are entertaining a party of 10 at the dinner dance. Another large group will be seated at the table of Doctor and Mrs. Morena. The Sheldon Griffins, members who live in San Francisco, are entertaining 40 friends. Among their Marin guests will be Messrs. and Mesdames Frank Paganini, Enier Blah, Irving Lyon and Edwin

Burmester.

Also entertaining large groups will be the Briccas, Dr. and Mrs. Fred Adams, the Leonard Jacobis, Mr. and Mrs. Gordon Chambers, the Judson Longakers and Mr. and Mrs. E. J. Garbarani, who are new to the Ross community. They bought the former Samuel D. Archibald home.

With Maude and Ed Lindner will be her brother, William Rennie of Milwaukee, Wis. He is president of the Wisconsin English Speaking Union and came west to take part in the English Speaking Union and London Week events in San Francisco. He had previously met Prince Philip when he came to Canada.

A COCKTAIL PARTY and dinner will be given tonight by the Social Service Auxiliary at the Meadow Club. Attending will be members and their husbands.

Attending the dinner theater presentation of The Pajama

Game at the Sheraton-Palace Hotel in San Francisco recently were Messrs. and Mesdames Thomas King, John Clancy, Robert Clark, Herbert Austin, Lynn Roberts, Albert Chironi, Ralph Peters and Mrs. Martha Kleimo of San Rafael, and Mr. and Mrs. Robert Nerlove of Danville. Several members of the group were the organizers and members of the San Rafael Cooperative Nursery School. The women have continued to get together once a month, and about once a year are joined by their husbands for a dinner.

A LARGE GROUP of Marin-ites will go by chartered bus to the Big Game Nov. 24, which will be played at University of California. Many of those going are part of the original group which has been traveling to the Big Games by bus for many years. This time many of their children will go to the game with them. The group will leave on the bus from Ross Common and the grownups will go after the game to the Kent Woodlands home of Mr. and Mrs. J.R.B. Ellis for a no-host dinner. In the group will be Messrs. and Mesdames Ellis, Frank Barsocchini, Charles Cooney, William Milliken, Russell Johnson, Hugh Carruthers, Philip Brown Jr., William Nicolls, Bovard Shibley, James Pressley, George Faulkner, Ed Detrick and Mozart Kaufman.

DOING SANTA'S WORK

Jo Copeland Scorns Slaves To Style

NEW YORK (AP)—Do you eat, sleep and dream fashion? Worry about being remembered in last year's beaded dress? Struggle to be understated? Look your age?

Well, designer Jo Copeland has been talking about you.

SHE THINKS you've got a lot to learn. And as an influence on the American fashion scene for more than 40 years (although she doesn't look old enough), Miss Copeland figures she ought to know.

You'd think that she'd adore the idea of ultra-style-consciousness as a stimulant to business. But—

"Such women are shallow and insecure," she says with maverick directness. "All women should make the most of themselves, but they should have important things in their lives."

Throughout Miss Copeland's luxurious apartment are signs of the meaningful things in her own life: books, fine paintings, music, flowers. There is proud talk about her grandchildren.

THE ATTRACTIVE designer is the first to admit that she's not the grandmother type.

"Nobody should be." The slim, chic woman in smart blonde coiffure crosses a pair of shapely legs as she discusses the matter.

"Today with clothes, creams, and sensibleness about eating every mature woman ought to look 20 years younger than women of the same age bracket seemed 30 or 40 years ago."

What the secret to staying

DESIGNER AT HOME... Jo Copeland in her apartment surrounded by expensive art pieces she loves.

young? Being interested and creative about a challenge. "That's better than any cosmetic, I tell my friends."

Miss Copeland has been challenged and compelled to be creative ever since her math teachers in Manhattan Public High School embarrassed her in front of the class for making drawings on her textbooks.

Fortunately, her father, Sam-

uel Copeland, in the textile business, decided to provide opportunity for more art and less math. Jo studied at Parsons School and the New York Art League, and peddled freelance designs through fabric salesmen before she was firmly entrenched in the ready-to-wear business.

THE PATULLO fashion house bought her designs as early as

1920, however Jo Copeland's name was not added to the stationery as a member of the firm until 1938.

Since then she's kept out of Paris in order not to be influenced even subtly, and has stuck to her guns about her fashion philosophies.

One of these runs contrary to Mrs. John F. Kennedy's.

"I never have stood for that understated look. I don't like a uniform. My clothes have to have a statement. And they shouldn't say the same thing for everybody."

Another philosophy runs headon with anybody believing in the economic benefits of obsolescence.

"I RESENT what they're doing in the auto business with new styles every time. Fashion is not that way, not GOOD fashion. That's timeless."

This thinking makes it perfectly all right to put several thousand dollars in a beaded dress that is sure to be seen and remembered from one charity ball to the next.

"I don't believe people care whether the dress is remembered. They should be flattered if it is, really. A fine dress is as good as a status symbol as anything else."

Miss Copeland happily wears last year's dresses, all created by Miss Copeland. "I dress myself in discards from the line because I'm usually too busy designing next season's things to be worried about having some things made up for me."

But who can tell? They're timeless.

Susan Hockenson Of Quincy Bride Of Edwin J. Simanis

The Community Church in Quincy was the setting for the Sunday wedding of Susan Hockenson of Quincy and Edwin J. Simanis of Corte Madera.

The bride is the daughter of Mrs. Alrick Hockenson of Quincy. Given in marriage by her mother and brother, Greg-

ory Hockenson, were a classic white velvet wedding gown. Preceding the bride to the altar in orange taffeta dresses were Vivian Olds, maid of honor and bridesmaids, Audrey and Nancy Hockenson, sisters of the bride.

Flower girls were Jill Hockenson, the bride's sister, and Tami Taresch.

Thomas Haslett served the bridegroom as best man and ushers were the bride's brothers, Bill and Dick Hockenson.

The bride has made her home for the past two years with Mary Lee Hunter of Greenbrae, while attending College of Marin.

The bridegroom is assistant manager of E. T. Grant's in the Corte Madera Shopping Center.

The newlyweds will reside in Corte Madera.

Intelligence, Achievement Tests Are The Helpful Ones

Do you know the difference between intelligence tests, achievement tests and personality tests? All three are being used in many schools. The first two types of tests are good. The third type isn't.

Intelligence tests measure your youngsters' ability to learn. They don't measure how much they have learned, or how they feel about things. They're aimed at mental ability, and that's all. Intelligence tests result in an "IQ" score. Accurate IQ information is very important to teachers. Every school should use these tests.

Achievement tests measure how much your children have learned. They test their reading, math, science, grammar, history and so on. Results are shown in terms of "grade level achievement." If your son is in the fourth grade but tests at second grade level, he's way behind. Achievement tests are important. Teachers have to know how much their pupils have accomplished, if they're to make the right assignment. Every school should use them.

Personality tests are supposed to measure your offspring's "personality adjustment." Is your son happy with life? Does he feel successful? Is he emotionally stable? Or is he neurotic? Is he headed in the right direction in his development? Or in the wrong direction? If personality tests really measured what they try to test, and if teachers knew how to use the results, they would be very helpful. But the tests aren't reliable. They give false results. Teachers aren't trained in mental hygiene, so they

often misuse the findings. Therefore I believe that group personality tests should not be given.

READERS' FORUM

(Q) "Are all achievement tests equally hard? Are their grade averages accurate?" Mrs. B. L.

(A) They are not equally hard. Some have accurate norms and some don't. School leaders should use great care in choosing tests.

San Rafael General Volunteers Name Officers, Present Awards

The Service Volunteers of San Rafael General Hospital marked their fourth anniversary by electing officers and tallying hours served since their organization in October, 1958.

Named to serve a second term were Mrs. Donald L. Walling, president; Mrs. John B. Sauter, secretary, and Mrs. E. Neele Johnston, treasurer. Mrs. Charles B. Greene was elected vice-president.

COMMITTEE CHAIRMEN are Mrs. Leiton J. Elder, scholarships; Mrs. Henderson, decorations; Miss Edythe Foster, trading stamps; Mrs. Willis E. Ball, medical staff dinners, and Mrs. Arthur J. Schallack, publicity.

Mrs. Sauter announced that the Volunteers have served a total of 10,741 hours. The Juniors, organized in January 1960, added 2,117 hours for a total of 12,858 hours.

Mrs. Lawrence P. McNear, who recently retired as director of the hospital's in-service volunteer program, has served

the greatest number of hours. Her total was more than 1,600. Other high tallies are Mrs. Elder, more than 800 hours; Mrs. Henderson, 700; Mrs. Clifford Monk, 600; Mrs. Ball, 500, and Mrs. E. Francis Hore, 400.

SERVING OVER 300 hours were Mesdames Walling, C. K. Denman, John S. Kilsby and Leslie Turner.

Eight members had served 200 hours or more as of Nov. 1: Mesdames Johnston, Schallack, Herbert DeLaMontana, R. D. Farrington, Marvin D. Laskey, Roy Powers, Edward Valenta and Don E. Wallace.

In the 100 hours or more column are Mesdames Sauter, Greene, Louis H. Baar, King A. Fillmore, Bernyce Holzberg, Harold Suhrke and C. M. Sullivan and Miss Ann Hansen.

WEARING THE 24-hour emblem are Mesdames H. J. Dawe, Robert Thorsen, Kenneth Walkmeister and William Webber and Miss Jeanette Wescoe.

Miss Foster, honorary mem-

ber at whose home in San Rafael the group holds its monthly meetings, likewise holds an emblem.

Newest members of the Volunteers are Mesdames Raymond Bleasdale, H. L. Gray, William Sinclair and C. W. Vassar, all of whom are working toward their emblems.

AMONG THE JUNIORS: Judy Elder leads with a record of more than 100 hours. Carla Abraham, Ann Carmona and Marilyn Walker have served more than 50 hours. Wearing the emblem awarded for 25 hours are Barbara Cooley, Kristen Walkmeister, Marlene Kramar, Sue Benson, Pat Dingman, Barbara Finnigan, Judy Kollgaard and Gail Shanahan.

Juniors working toward their emblems are Marti Shortridge, Vicki Kagan, Bonnie Green, Madelon Morgan, Chris Nicholson, Judy Herrman, Janice Listman, Pat Dethlefsen, Eleanor Nielsen, Sally Edwards, Mary Jane Terry, Cindy Wirt and Carol Buoy.

Button-Down Going

Snap fastener tabs on men's shirt collars are taking a great chunk of the business away from button-downs. Ivy strongholds may balk at this but shirt houses selling more than just traditional shirts say it is happening. One Ivy touch that stays in first place — striped ties. There's no sign prints, plains, dotted or other tie patterns will flag the preference for stripes.

Mrs. Simon Anixter To Head Welfare Federation's Drive

A Marin resident, Mrs. Simon D. Anixter of Kent Woodlands has been appointed chairman of the 1963 campaign of the women's Division, Jewish Welfare Federation.

Mrs. Anixter, who served in a similar capacity in last year's successful drive, was co-chairman of the annual Federation drive for Marin County in 1955 and 1961.

She is also the former chairman of the Mt. Zion Hospital Auxiliary volunteers and has been a participant in the activities of Marin General Hospital

Auxiliary and of Hadassah.

Organized in 1948, the JWF women's division has raised more than \$900,000 to date on behalf of the Federation's beneficiary local and overseas agencies. Last year's drive netted some \$75,000.

Local health, recreation and social welfare services supported by the Federation include the Emanu-El Residence Club, Homewood Terrace, Jewish Home for the Aged, Jewish Family Service Agency, the Jewish Community Center of Marin and Mt. Zion Hospital.

Pi Phi Club Plans Sale On Nov. 28

Pi Beta Phi Alumnae will greet their guests at a Settlement School open house on Nov. 28 from 2 to 5 p.m., at the Kent Woodlands home of Mr. and Mrs. John Anton. Here the Settlement School hand-crafted items will be on display and orders will be taken or items purchased on the spot.

At the Settlement School, founded in 1912 in Gatlinburg, Tenn., crafts are taught to the Smokey Mountain people of Tennessee so that they may support themselves by making hand-made gifts.

THE SETTLEMENT School items have now been included in a permanent display in the American Folk Arts and Crafts section of the Smithsonian Institution in Washington, D.C.

Items to be included in the gift display and sale are hand-woven place mats, skirts, aprons, stoles, hand bags, baby blankets, bibs and coverlets. Pi Phi hearth brooms will also be available. There are also television stools made of hard maple, stuffed toys, ceramic items and a luggage rack.

MRS. J. G. HERMANN is chairman of the event, assisted by Mesdames Francis T. Fogarty and Michael J. Hogan, decorations; James P. Wilbee, serving; Rudy L. Tulipani and Burton Bergstrom, invitations; and Perry Ratcliff, hospitality.

GUILD TO FETE OFFICERS

The Greenbrae Acorns Guild of Sunny Hills will have a cocktail and dinner party tomorrow night to honor the new officers of the guild. The party will be given at the home of Mr. and Mrs. Monte Ambinder of Greenbrae at 7 p.m.

New officers for the year are Mesdames Gene Hiller, president; James Frush, vice president; Frank Adamson, secretary; and Rudy Meiswinkel, treasurer.

Dinner arrangements are made by a committee of Mesdames Mel Riccardi, David Sullivan and Monte Ambinder.

East won the first trick with an ace of diamonds and saw that he could defeat the contract only by finding two tricks in West's hand.

The best shot was to play West for a high trump and a ruffing trick of some sort.

CASHED ACE
West couldn't have a singleton spade, for then South would have six spades and would have bid them instead of hearts.

It was possible for West to be short in clubs, so East cashed the ace of clubs and led another club.

This attempt fell flat. Declarer won the second club in dummy and lost a trump finesse to the king. There was no way for East to get in, so West couldn't get a club ruff. South could easily draw the rest of the trumps and claim his contract.

DOUBLETON LIKELY
East should defeat the contract by playing West for a doubleton in clubs. The correct play is to lead a low club rather than the ace of clubs at the second trick.

West gets in with the king of hearts, leads a club to the ace, and gets a club ruff to defeat the contract.

West is far more likely to have a doubleton than a singleton in clubs. One reason is that doubletons are more common than singletons, but there is a better reason.

CONTRACT DEFEATED
The contract can be defeated only if West has a high heart and a short holding in clubs.

But if West had a high heart, four diamonds, and a singleton he would have raised to two diamonds.

Since he actually passed it's unsound to play him for a

ALMANAC

Today is Friday, Nov. 16, the 320th day of 1962 with 45 to follow.

The moon is approaching its last quarter. The morning star is Mars. The evening stars are Jupiter and Saturn.

On this day in history: In 1864, Gen. William Sherman started his "march to the sea" during the American Civil War.

In 1933, the United States and the Soviet Union established diplomatic relations.

A thought for the day: Former President and Chancellor of the University of Chicago Robert Maynard Hutchins said: "We do not know what education could do for us, because we have never tried it."

GREENBRAE

NEW LISTING
\$32,500
We just listed this immaculate ranch style home that was custom built for its transferred owner just a year ago. 3 large bedrooms, 2 baths, in a central hall plan all on one level. The hospitable living room and dining ell have a window wall facing a nice view with a glimpse of the bay. The gleaming electrically equipped kitchen and roomy dinette have sliding doors opening to a wide sundeck. Fenced in level rear yard. Lots of closet and storage space. Our exclusive, and we'll be proud to show you through.

VIEW LOTS
\$7,350—A real country setting. Approximately 1/4 acre with numerous oaks. Downslope, suitable for a one level or split-level home with extra room downstairs.

\$8,950—Oaks and an unobstructed view of Mt. Tamalpais makes this lot most desirable. Easy downslope from a level street. Average 95x144 ft. One of Greenbrae's finest locations.

\$11,000—One of Greenbrae's best view lots. Located on a new cul-de-sac, a short distance from main entrance. Wonderful panoramic view includes Mt. Tamalpais. Bench out level building site with space for pool.

STREET IMPROVEMENTS PAID
The builder is now ready to put the finishing touches on this beautifully designed, rustic and shake roof home, but there is still time to select your own paint colors, linoleum and fixtures. Spacious and gracious and located on a quiet cul-de-sac level patio. 3 bedrooms, 2 baths, with a woody outlook and a big separate dining room. The electric kitchen has long formica counter tops, separate bar sink and dinette alcove. Tile floored entry hall, abundance of closets, enclosed utility cabinet. Roughed in room downstairs. This is a tremendous value at the price.

'If A Man Answers' Due At Rafael

By LES DARD

Here's this weekend's movie wrap-up on Marin County screens:

RAFAEL THEATER
A light-hearted double bill open Sunday at the Rafael.

"If A Man Answers" is a new, glossy comedy starring Sandra Dee, Bobby Darin, Michelle Presle, John Lund and Cesar Romero.

Miss Dee plays the daughter of Miss Presle and Lund, a child of Paris and London who gets into comic romantic situations when she goes to New York. She meets and marries Darin, and much of the farce is devoted to their young married problems. Mother, being an ex-Folies Bergere star, has her own ideas about how to treat a husband, and passes them on to daughter.

Co-featured is "Tammy and the Bachelor," the story of a swampland Cinderella (Debbie Reynolds) who meets her dashing prince (Leslie Nielsen) when his plane cracks up in the bayou.

101 DRIVE-IN

We're happy to have a return look at "The Sundowners," a thoroughly enjoyable human comedy about Australia's sheep drivers in the 1920s. It's now showing.

Bob Mitchum stars as one "sundowner"—a man who likes his beer and wide open spaces. Deborah Kerr plays his wife, who keeps urging him to save a stake, settle down and do something about his son's education.

Peter Ustinov is delightful as another roamer — one who is always dodging ladies who would like to snare him.

TAMALPAIS THEATER

Another happy return: "Sayonara," is a rare cinema drama,

flowing with good will and kindness.

It tells the story of the soldiers who married Orientals during the occupation, and the Korean war.

The cast is headed by Marlon Brando as a stiff-necked officers whose reserve melts before the selfless devotion of Miiko Taka, a Japanese beauty. Red Buttons won an Oscar for his performance in the cast.

SEQUOIA THEATER

"The Manchurian Candidate" moves to the Sequoia Sunday, the picture taken from Richard Condon's frightening novel about brainwashed GIs. The story is based on reports of the psychological breakdown of GIs by their Communist captors in Korea. Frank Sinatra and Laurence Harvey star as two members of a squad forced to undergo indoctrination.

When Harvey is returned to the United States with the others, he has become, under certain conditions, an automaton responding slavishly to orders from Soviet agents. One of the film's shocks is the revelation of Harvey's mother, wife of a U.S. senator, as a top Communist agent. Angela Lansbury plays the role.

TIBURON PLAYHOUSE

Fine family fare is now showing in a double bill.

"Five Weeks in a Balloon" is a comedy-melodrama taken from Jules Verne's first novel, which takes us back to 1862 and a fascinating exploration of uncharted Africa by balloon. Red Buttons, Fabian, Barbara Eden, Peter Lorre, Cedric Hardwicke share top billing.

The co-feature is "Pops," an amiable potpourri built around the antics of Cantinflas, the comic who played David Niven's manservant in "Around the World in 80 Days." Some 35 famous faces crowd the screen in brief cameos, but Dan Dailey, Shirley Jones and of course, Cantinflas, dominate the film.

NOVATO THEATER

The anguish of young lovers in an adult world is the theme of Ella Kazan's "Splendor in

TOGETHER AGAIN—Sandra Dee and Bobby Darin, who were brought together in "Come September," are reunited in the glittering, glamorous comedy "If a Man Answers." A comic film with many romantic situations, it opens Sunday at the Rafael Theater.

the Grass," arriving Sunday on a re-run.

Natalie Wood stars as the high school girl desperately in love with classmate Warren Beatty. Too young to marry, too much in love to deny their impulses, the youngsters seek guidance from grownups, but get only self-interest and hypocrisy.

MOTOR MOVIES

"Babes in Toyland," Walt Disney's sparkling version of Victor Herbert's musical, arrives Sunday, starring favorites like Ray Bolger, Tommy Sands, Annette (Funicello), Ed Wynn and Tommy Kirk.

LARK THEATER

Peter Sellers plays a poor but honest school teacher — for awhile—in the new British farce, "I Like Money," now in its second week. Sellers also directed.

Urged to lower his teaching standards to please the school's

rich patroness, Sellers refuses and is sacked.

Jobless, he falls in with a rich politician who carries on a fraudulent financial sideline. He sets Sellers up as head man, with a swank Paris office.

Learning he is swindling the government out of millions of franks comes as something of a shock to Sellers, but—this behind him—he develops into an accomplished thief with a madness for money.

FAIRFAX THEATER

A double bill of note is now showing.

Cary Grant, Deborah Kerr and Betta St. John star in "Dream Wife," a romantic comedy in which Miss Kerr plays a State Department career girl and Cary decides it's too much career and too little girl.

"Love Me or Leave Me" is the film story of singer Ruth Etting. Doris Dau plays the beautiful farm girl from Nebraska who sang her way out of obscurity. James Cagney co-stars as her husband, Col. Martin Snyder.

Christmas Caroling Planned

Christmas caroling for Almonte children from kindergarten through eighth grade will be conducted Dec. 20 by the Almonte Improvement Club, directors decided last night.

Children are to meet at 6:30 p.m. at Marin Terrace School, and with adult supervision, carol and walk down to the clubhouse at Almonte Boulevard and Wisteria Way. There will be a party for the youngsters at the clubhouse.

Parents interested in working on the caroling supervision or party may get in touch with Mrs. John J. DeMartini of 218 Morningsun Avenue, Club President Frank R. Little said today.

The board also decided to suggest a rebeautification of Homestead Boulevard where it borders Tamalpais High School, the suggestion to be made to Tamalpais Union High School District trustees.

There will be no meeting of the board next Wednesday. The next meeting will be Dec. 19 at the clubhouse.

Novato Gets Direct Long Distance Calls

Telephones To Switch Over In Morning

Story and Photos By THERON A. NEWELL

At 12:01 tomorrow morning, Novato telephone owners will get direct long distance dialing.

The \$450,000 installation has been completed and tested in the Novato office of Western California Telephone Co., according to George Harrison, chief switchman.

The equipment is capable of handling 50 long distance calls simultaneously. This electronic equipment memorizes the number making the call, the number called, and then records the time of the call on the hour, day, month and year.

NUMBER ONE
In order to use all of this equipment, the caller must first dial one, which activates the equipment. The call then goes to one of the 14 transmitters. This machine pools the numbers and then sends them out on the line at the rate of five digits per second.

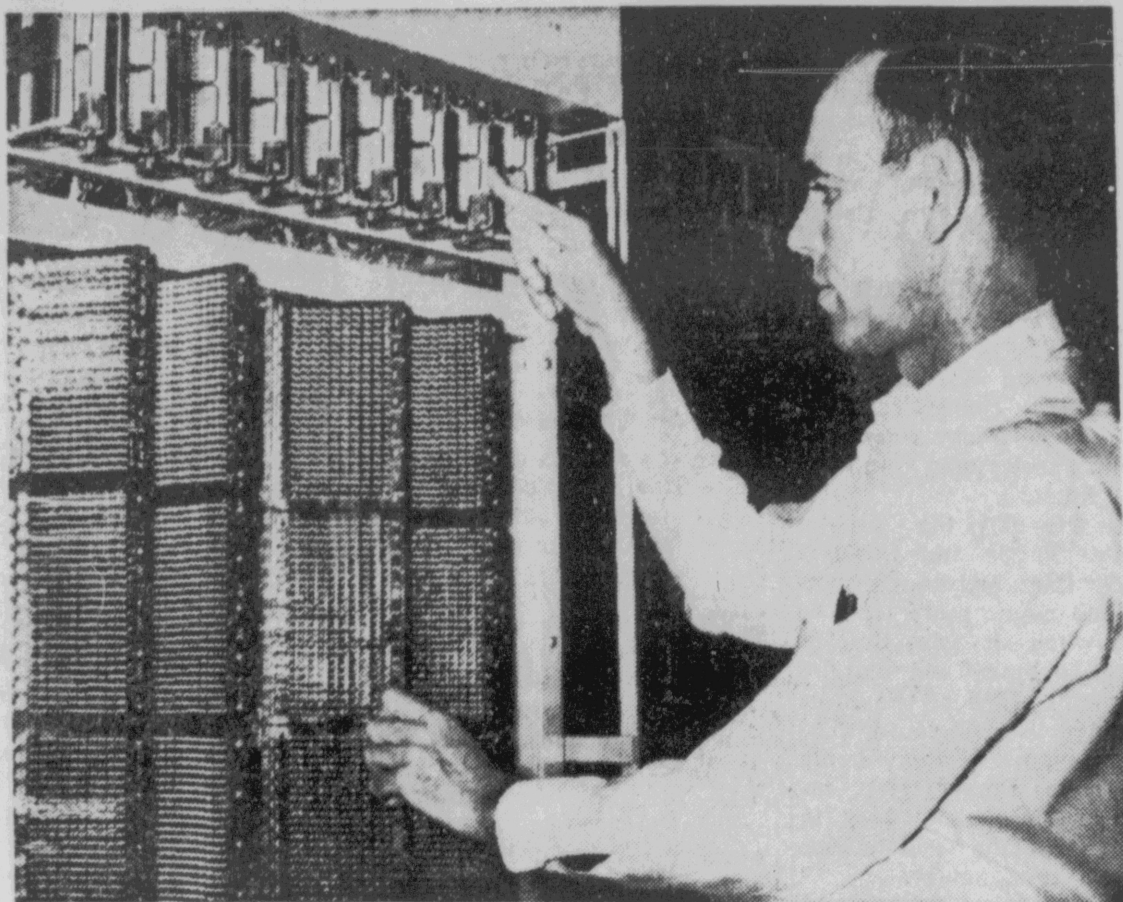

The translator takes the first three of the numbers dialed and sends the call out of the office. In a small panel about six inches wide and 18 inches tall, all the code areas and routings in the United States and southern Canada are stored. This machine takes the area code and routes it to its destination.

CALL RECORDED
A data timer records the time of the call, the day, the month and year of every call. This machine is so constructed that it needs to be set only every 38 years. It automatically changes the days in each month and allows for leap years.

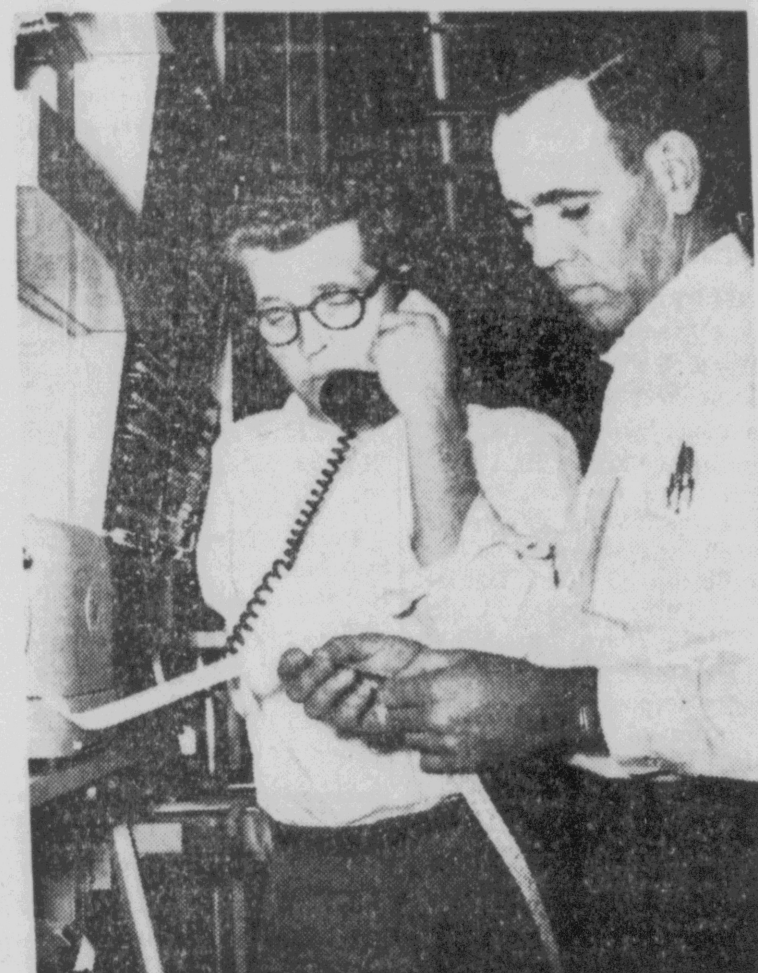

If there is a holiday in each month, such as Thanksgiving this month, a hand set switch changes the call made during the daytime hours to nighttime rates. If it is not reset Friday morning, an alarm sound to notify workers to change it back to the daytime rate.

The detection equipment memorizes the numbers and stores these numbers for the tape recorders. It memorizes the numbers from which the call is made and the number making the call.

An interrupter transfer

TEST CALL — Frank Gebhardt, equipment installer (left), places a call while George Harrison, chief switchman, watches the automatic tape record the long distance call.

automatically times the call. This time, along with the number making the call and the number called are all transferred to a paper tape in about two seconds after the call is completed. Four of these tape recorders have been installed. It takes about three inches of tape for each call.

These tapes are then sent to the business office where the calls are decoded and billed to the phone making the call.

Of course all of this electronic equipment would not be complete without a central checking panel. This monitoring panel is capable of checking all of the equipment from one location.

So all the users of the Western California Telephone service, starting tomorrow, can activate nearly one-half a million dollars worth of equipment by merely dialing one on the phone.

Novato Sanitary Board Awards \$3,200 Contract

The Novato Sanitary District board Wednesday night awarded a \$3,200 contract to S. H. Cervantes and Sons of San Rafael for the relocation of the sewer at the Highway 101 interchange at Hamilton Air Force Base main gate.

The State Division of Highway will reimburse the district for the cost of the relocation, said Albert Tresch, district manager.

The board also annexed the Robert Young property of two lots on Wilson Avenue, Tresch said.

In other action, the board: 1. Approved a sewer improvement plan for St. Francis Heights Unit 4. 2. Accepted an easement from Orville T. Unger, for an extension of the sewer to serve the property west of Marion Court.

Donations Sought For Karen Victims

The Marin chapter of the American Red Cross is accepting cash donations to assist victims of typhoon Karen in Guam.

Evelyn Maley of Mill Valley, chief casework supervisor for Red Cross disaster services in the Pacific area, is now en route to the island to help with emergency relief work.

The Red Cross estimates it will spend some \$2,000,000 on the Guam relief project, said Donald W. Chapman, Marin chapter chairman.

Pollution Board Down On Marin

Marin County may find itself somehow in process of legal prosecution for committing a misdemeanor, it developed at an Oakland meeting of the Bay Area Water Pollution Control Board yesterday.

This was because the board learned that contrary to its orders, the county's Health Department has not been submitting monitoring program reports as to the condition of water into which sewage from its San Rafael Meadows and Venetia Harbor County Sewer Maintenance Districts flow.

So the board instructed its executive office to take possible action against the county

for its disobedience under law setting this offense on a misdemeanor level.

Considering a request from Marin supervisors that the county be henceforth relieved of the need for monitoring, the board eliminated part of the requirements but ruled that it must have bacteriological monitoring.

The board's engineer, Roger James, advised that Venetia Harbor was on the verge of annexation and that petitions for San Rafael Meadows annexation were making rapid progress toward the required sign-up percentage.

This the board approved but

said that nonetheless, Marin County must continue to do bacteriological monitoring for the two districts until their annexation.

Two reports from Marin County were received and accepted as satisfactory though in both instances additional reports were ordered.

On behalf of the City of Belvedere, a report from its city manager said that pump installations formerly delayed have now gone forward. Another report was asked for the time when these facilities are accepted by the city which is expected in January.

Most residents of the Greenbrae Boardwalk area have now

made sewer connections, according to a report from Marin's Sanitary District No. 2. Accepting this, the board ordered further report when all such connections have been completed.
